Summary of the Inspector's Report.

"The children are orderly. They are rather weak in Arithmetic, and show very little intelligence, but this may perhaps be accounted for by the fact that many of them have lately been ill. A grant for Geography is recommended with some hesitation. Singing and Needlework are good. The infants are making fair progress.

The Registers must be tested by the Managers at least once a quarter, at irregular intervals as required by paragraph 6 of appendix II of Instructions to Inspectors. Attention is requested to Article 85(d) of the Code.
