TASK

Please ensure you do the following over summer:

1. Read through and complete the tasks in the booklet, using the internet and any reference books to support your understanding of the terminology where necessary. Please keep a copy of the completed booklet as your teacher will want to see your completed work either electronically or in a hard copy.

2. Purchase a copy of *The Great Gatsby* (Penguin Modern Classics version) and carry out an initial read through of the novel annotating where you feel relevant in relation to characterisation, themes, setting and narrative techniques.
