NOLB Duffryn Project Fund – Interventions and Criteria

NOLB Duffryn Project Fund – Grant Criteria March-April 2026

This grant programme supports Newport City Council's commitment to reducing poverty, inequality and exclusion through early intervention, prevention and place-based action.

In October 2025, Cabinet approved a £500,000 No One Left Behind pilot project to support areas of the city that have missed out on previous regeneration and opportunity, with the Duffryn estate in the Tredegar Park ward chosen as the first pilot locality due to evidence of high deprivation.

The No One Left Behind (NOLB) Duffryn Project Fund aims to support voluntary, community and social enterprise (VCSE) organisations delivering impactful, community-focused interventions that reduce poverty, improve skills, create pathways into employment, and enhance wellbeing for residents of Duffryn.

Funding is available for projects that align with NOLB principles, demonstrate clear community benefit, and show strong potential for long-term positive outcomes.

APPLICANT EVALUATION METHOD

Evaluation process

The grant management process has been divided into two phases. The first phase involves evaluating the eligibility of the organisation, the suitability of the project, and other aspects are based on answers given to due diligence questions. This assessment is performed on the whatimpact.com platform by the whatimpact grant management team.

Applicants meeting the criteria will be forwarded to a special steering group dashboard (Grant Evaluation App = GEA), where the steering group will manage the evaluation, scoring, and potential requests for additional information. The steering group formed by members of the Newport City Council, and all stages of granting evaluation on this dashboard will record to ensure transparency and accountability.

Evaluation scoring

Each application presented to the steering group will be scored in a collaborative manner. The steering group members have access to the dashboard at all times to make a preliminary review of each applicant. During the steering group meetings, the group will give official scores based on five scoring criteria on a scale from 1-5. This leads to a

maximum score of 25 points. Each score will be supported by a qualitative comment explaining the value of the score.

The minimum requirement to be awarded a grant is 17 points, this will ensure you progress on to the next phase where a steering group will evaluate your proposal in more detail. If an applicant is close to reaching these score levels with an interesting project proposal, the steering group may offer feedback for the applicant to strengthen the

application. If it is expected that the quality of the answers might not reach the minimum levels due to disability, language barrier, or lack of knowledge of technical terminology, the whatimpact grant management team will support the candidate organisation to ensure a clear communication of their proposal.

The 5 evaluation categories are the following:

Scoring levels: 1 = Does not meet criteria 2 = Somewhat meets criteria 3 = Meets criteria 4 = Surpasses criteria 5 = Exceeds criteria

PROJECT SUCCESS AND OUTCOME EVALUATION METHOD

The NCC team will evaluate the success of the grant scheme by monitoring quarterly cumulative figures in terms of numbers of grants under £30,000 awarded for reporting to

DULL GWERTHUSO YMGEISYDD

Y broses werthuso

Mae'r broses rheoli grantiau wedi'i rhannu'n ddau gam. Mae'r cam cyntaf yn cynnwys gwerthuso cymhwysedd y sefydliad ac addasrwydd y prosiect, ac mae agweddau eraill yn seiliedig ar atebion a roddir i gwestiynau diwydrwydd dyladwy. Mae'r asesiad hwn yn cael ei berfformio ar y platfform whatimpact.com gan dîm rheoli grantiau whatimpact.

Bydd ymgeiswyr sy'n bodloni'r meini prawf yn symud ymlaen i ddangosfwrdd grŵp llywio arbennig (Ap Gwerthuso Grant = GEA), lle bydd y grŵp llywio yn rheoli'r gwerthuso, sgorio, a cheisiadau posibl am wybodaeth ychwanegol. Bydd y grŵp llywio'n cael ei ffurfio gan aelodau o Gyngor Dinas Casnewydd, a chofnodir pob cam gwerthuso ar y dangosfwrdd hwn er mwyn sicrhau tryloywder ac atebolrwydd.

Sgôr gwerthuso

Bydd pob cais a gyflwynir i'r grŵp llywio yn cael ei sgorio mewn modd cydweithredol. Mae gan aelodau'r grŵp llywio fynediad i'r dangosfwrdd bob amser i gynnal adolygiad rhagarweiniol o bob ymgeisydd. Yn ystod cyfarfodydd y grŵp llywio, bydd y grŵp yn rhoi sgoriau swyddogol yn seiliedig ar bum maen prawf sgorio ar raddfa o 1-5. Mae hyn yn arwain at uchafswm sgôr o 25 pwynt. Bydd pob sgôr yn cael ei hategu gan sylw ansoddol sy'n esbonio gwerth y sgôr.

I gael grant, rhaid cael sgôr o 17 pwynt o leiaf. Bydd hyn yn sicrhau eich bod yn symud ymlaen i'r cam nesaf lle bydd grŵp llywio yn gwerthuso eich cynnig yn fanylach. Os yw ymgeisydd yn agos at gyrraedd y lefelau sgôr hyn gyda chynnig prosiect diddorol, gall y grŵp llywio gynnig adborth i'r ymgeisydd i gryfhau'r cais. Os disgwylir efallai na fydd ansawdd yr atebion yn cyrraedd y lefelau gofynnol oherwydd anabledd, rhwystr iaith, neu ddiffyg gwybodaeth am derminoleg dechnegol, bydd tîm rheoli grantiau whatimpact yn cefnogi'r sefydliad ymgeisiol i sicrhau y cyfathrebir eu cynnig yn glir.

Y 5 categori gwerthuso yw:

Lefelau sgorio: 1 = Ddim yn bodloni'r meini prawf 2 = Yn bodloni'r meini prawf rhywfaint 3 = Yn bodloni'r meini prawf 4 = Yn rhagori ar y meini prawf 5 = Yn rhagori ar y meini prawf yn hawdd

DULL GWERTHUSO LLWYDDIANT A CHANLYNIADAU PROSIECT

Bydd tîm CDC yn gwerthuso llwyddiant y cynllun grant drwy fonitro ffigurau cronnol chwarterol o ran nifer y grantiau o dan £30,000 a ddyfernir.
