www.silverlinetools.com

Nickel-plated steel for corrosion resistance. Set includes: 240mm sheet metal clamp, 280mm welding clamp and 275mm C-clamp.

We like...

- ▲ Good quality and great price.
- ▲ Swivelling C-clamp jaws.
- ▲ Release levers work well.

Also worth considering...

- ▼ Sheet metal clamp jaws finish not as good as in comparable Clarke set.
