

Fragrance Germicidal Concentrate

Description

Fragrance Germicidal Concentrate is a brand-new concept in cleaning which combines a powerful bactericide with above average cleaning ability to give all round washroom cleanliness. It has a beautiful lingering fresh aroma. Fragrance Germicidal Concentrate is ideal for use in hotels, nursing homes, and retirement homes. This product is also very effective in changing rooms, shower areas and pool sides in leisure centres. Fragrance Germicidal Concentrate can be used to wash down chrome, porcelain, plastics, stainless steel, tiles, paintwork, urinals, sinks, showers etc and keeps pipes and drains free from bacteria.

Dilutions

Fragrance Germicidal Concentrate is very economical in use and should be diluted 40-50 to 1 with warm water. Spray, wipe, or mop surface to be cleaned and rinse with cold water.

De-odorising – Apply neat to drain or urinal allow to stand for 30 minutes then rinse.

Disinfecting – Allow to remain on surface for 5 minutes prior to rinsing.

Fragrance Germicidal Concentrate is safe on all surfaces as it contains no acids or harsh abrasive alkalis.

Environmental
