

Aerosol Solvent Degreaser

Description

Aerosol Solvent Degreaser is a powerful degreaser that will clean and degrease surfaces, machine parts, tools, and chains. Aerosol Solvent Degreaser will quickly remove oil, grease, tars, resins, silicones, glue, and many other contaminants. Not suitable for cleaning rubber or plastic components, or safety glasses.

Application

Spray liberally onto the surface/parts to be cleaned. Allow to penetrate and wipe with a clean cloth/rag. With severe soiling repeat as necessary. Once the surface/parts are clean the solvent will evaporate off at ambient temperatures leaving no residue.

Environmental

Dispose of chemicals in accordance with local environmental legislation.

Handling

Normal precautions should be taken for handling chemicals. Protective clothing, eye protection and gloves should be worn. For further details please refer to the safety data sheet.

Storage

Store in a cool, dry location between 5°C and 25°C. Protect from freezing. Avoid direct sunlight and extreme temperatures. Store the product sealed in the original container. See safety datasheet for list of incompatible materials and other relevant information.

Properties

Appearance: Aerosol

Density @ 20°C: ~0.65

Flash Point (Closed Cup): -40°C

Shelf Life

Storage: 24 months

Available in the following containers

CASE x12
