Shelf Life

30 months if stored as recommended

Available in the following containers

6 x 500ml

Directions for Use

Apply a small amount to the hands and rub well, paying particular attention to finger nails and the area between the fingers.

Allow hands to air dry.

Important – the use of towels or tissue may lead to recontamination with bacteria.

Application to dry cracked or cut skin should be avoided.

Thoroughly rinse the dispenser with warm water, pumping through the nozzle at least once a month to avoid blockage.

Environmental

- Do not allow large quantities of neat product to enter surface waterways.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
- This product uses recyclable packaging. The detergents used in the formulation are biodegradable to EU guidelines under the detergents regulations (EC) No 648/2004.
- It contains no Phosphates.
- None of the components of this product are animal derived.

Storage

Store in cool conditions away from direct sources of heat or sparks. Avoid extremes of temperature. Do not allow to freeze. Ensure the cap is tightly fitted after use. Please keep out of reach of children.
