

# Hard Surface Cleaner Germicidal

## Description

Hard Surface Cleaner Germicidal is a highly concentrated, low foaming, alkaline aqueous solution. This versatile general purpose, quick acting cleaning chemical removes stubborn dirt and heavy grease from floors, walls and other hard surfaces. Especially suitable for areas where high standards of hygiene are required. e.g., kitchens, galleys, food storage areas and food transport vehicles.

## Application

Dilute according to the direction given below. Apply with a cloth or mop and bucket depending on the application required. Can be left in place or rinsed off with adequate water.

## Dilutions

Suggested dilutions are given as a guide below: (water-product)

Light soiling: 100-1

Medium Soiling: 50-1

Heavy soiling: 10-1

Can be used neat in extreme cases

## Environmental

Dispose of chemicals in accordance with local environmental legislation.

## Handling

Normal precautions should be taken for handling chemicals. Protective clothing, eye protection and gloves should be worn. For further details please refer to the safety data sheet.

## Storage

Store in a cool, dry location between 5°C and 25°C. Protect from freezing and avoid direct sunlight and extreme temperatures.

Store the product sealed in the original container to avoid air exposure.

Some products may settle during storage or transportation, ensure thorough mixing before use.

See safety datasheet for list of incompatible materials and other relevant information.

## Properties

Appearance: Orange Liquid

Density @ 20°C: 1-1.1

pH (concentrated): 11-13

## Shelf Life

24 months

## Available in the following containers
