

LOWTOX FAST

Description

Lowtox Fast may also be used as a degreaser for metals, plastics and painted surfaces including chlorinated rubber finishes. Lowtox Fast may be used on both steel and aluminium surfaces prior to painting.

Application

Use at ambient temperature. Test on a small area prior to large-scale application. Use as supplied without dilution. Apply by brush, spray, or dip tank. Agitate stubborn deposits with soft brush before allowing drying naturally or with air assistance. Lowtox Fast is not suitable to be used via vapour degreasing systems.

Dilutions

Use neat

Environmental

Dispose of chemicals in accordance with local environmental legislation.

Handling

Normal precautions should be taken for handling chemicals. Protective clothing, eye protection and gloves should be worn. For further details please refer to the safety data sheet.

Storage

Store in a cool, dry location between 5°C and 25°C. Protect from freezing and avoid direct sunlight and extreme temperatures.

Store the product sealed in the original container to avoid air exposure.

Some products may settle during storage or transportation, ensure thorough mixing before use.

See safety datasheet for list of incompatible materials and other relevant information.

Properties

Appearance: Clear Liquid

Density @ 20°C: 0.8

Flash Point: 33°C

pH (concentrated): N/A

Shelf Life

24 months

Available in the following containers
