

Offshore Degreaser EF

Description

This product is designed for general cleaning of decks, bulkheads and any equipment washing including degreasing of deluge systems.

Application

Apply as required. A mop and bucket or foam lance for larger areas or a cloth and spray applicator may be better suited for smaller areas. Rinse off and repeat as necessary.

Dilutions

Dilutions are given as a guide only and depend on many factors such as temperature, type and degree of soiling.

- Heavy Duty Cleaning: 2 - 5 to 1
- General Cleaning: 10 to 1
- Light Degreasing: 10 - 20 to 1

Environmental

Dispose of chemicals in accordance with local environmental legislation. OFFSHORE DEGREASER EF is listed with CEFAS with a Gold rating. A template is available on request.

Handling

Normal precautions should be taken for handling chemicals. Protective clothing, eye protection and gloves should be worn. For further details please refer to the safety data sheet.

Storage

Store in a cool, dry location between 5°C and 25°C.
Protect from freezing and void direct sunlight and extreme temperatures.
Store the product sealed in the original container to avoid air exposure.
Some products may settle during storage or transportation, ensure thorough mixing before use.
See safety datasheet for list of incompatible materials and other relevant information.
