

Safer Vehicles and Safer People

Driver education course: Fact sheet and overview

These two half-day courses cover different topics to improve driving behaviour using safer driving principles and increase awareness and safety on England's motorways.

The safer people training package focuses on:

- your responsibilities as a professional driver on the motorway network
- best practice around mitigating risks and impacts of diesel spillages
- the benefits of staying compliant and protecting both yourself and other road users

The safer vehicles training package focuses on:

- the importance of robust tyre checks
- influences and consequences of poor loading
- vehicle blind spots (using virtual reality)

The training package contains presentation slides (including trainer notes), case study videos, materials list and lesson plan and group activity materials. There is also a delegate aide memoire for the safer vehicles module.

The Highways England safer vehicles and safer people education courses are enhanced comprehensive training packages aimed at commercial freight and haulage drivers who use England's motorway network. The courses can be used for stand-alone training or integrated into the Driver Certificate of Professional Competence (Driver CPC), the standard qualification for all professional lorry drivers.
