RE: A19 Downhill Lane Junction Improvement - Discharge Application - DCO Requirement Approval from SoS  
To: [Redacted]  
Cc: [Redacted]

Andrew,

Many thanks for sending through the information in relation to the following requirements for the DCO A19 Downhill Lane Junction Improvement:

- **Requirement 3(1) - Detailed design:** "The authorised development must be designed in detail and carried out in accordance with the preliminary scheme design shown on the engineering drawings and sections unless otherwise agreed in writing by the Secretary of State following consultation with the relevant planning authority on matters related to its functions, provided that the Secretary of State is satisfied that any amendments to the engineering drawings and sections showing departures from the preliminary scheme design would not give rise to any materially new or materially different environmental effects in comparison with those reported in the environmental statement."
- **Requirement 4(1) - Construction environmental management plan (CEMP):** "No part of the authorised development is to commence until a CEMP, substantially in accordance with the outline CEMP for that part has been submitted to and approved in writing by the Secretary of State, following consultation with the relevant planning authority to the extent that it relates to matters relevant to its function."
- **Requirement 5(1) – Landscaping:** "The authorised development must be landscaped in accordance with a landscaping scheme which sets out details of all proposed hard and soft landscaping works and which has been submitted to and approved in writing by the Secretary of State, following consultation with the relevant planning authority on matters related to its function."
- **Requirement 7(1) - Protected species:** "No part of the authorised development is to commence until for that part final preconstruction survey work has been carried out to establish whether European or nationally protected species are present on any of the land affected or likely to be affected by that part of the authorised development, or in any of the trees and shrubs to be lopped or felled as part of the relevant works."
- **Requirement 10(1) - Traffic management:** "No part of the authorised development is to commence until a traffic management plan for that part has been submitted to and approved in writing by the Secretary of State, following consultation with the relevant planning authority on matters related to its function."

I can confirm that I have now had the opportunity to review all documentation provided in relation to these requirements and I am satisfied that they have been met. As such, this email constitutes formal notification on behalf of Secretary of State that these requirements (As listed above) have been discharged.

Kind regards,

 Department for Transport
