DoR8 approval email from Sunderland City Council and South Tyneside A19 Downhill Lane Junction.pdf 242 KB
A19 DLJ - Requirements Register 01102020.pdf 581 KB

Good afternoon David

I hope you are well.

The A19 Downhill Lane Junction Alteration Development Consent Order was made on 16th July 2020 and came into force on 6th August 2020. Requirements 3(1), 4(1), 5(1), 7(1) and 10(1) were formally discharged on 8th September 2020. I am now seeking approval to discharge the following requirement:

- **Requirement 8(1) - Surface and foul water drainage:** "No part of the authorised development is to commence until for that part written details of the surface and foul water drainage system, reflecting the mitigation measures set out in the REAC including means of pollution control, have been submitted and approved in writing by the Secretary of State following consultation with the relevant planning authority on matters related to its function."

For ease of reference I attach the Register of Requirements which is published on the Downhill Lane scheme webpage [<https://highwaysengland.co.uk/our-work/yorkshire-and-north-east/a19-downhill-lane-junction-improvement/>] and email responses from Sunderland City Council and South Tyneside Council.

If you have any questions about the documents provided or require any further information please do not hesitate to contact me or the project team at A19DownhillLaneJunctionImprovement@highwaysengland.co.uk.

Kind regards

Andrew Scatchard – Assistant Project Manager
