

Securing loads...

on flat bed vehicles

Did you know, in the last 6 years there have been nearly 1000 goods vehicle related shed load incidents on the strategic road network.

Some ways you could secure your loads...

Ratchet straps

Netting or tarpaulin

Storage box

It's a legal requirement in the **Road Traffic Act for the driver** and anyone who causes or permits the vehicle to be on the road to make sure that the load is secure.

For more information on load security please use this search term or scan the QR code.
