

A417 Missing Link

Archaeological investigations

We're taking great care to protect and preserve the unique landscape, which sits within the Area of Outstanding National Beauty (AONB).

33 hectares of land being investigated
27 research areas

Archaeology dating back to the Bronze Age, Iron Age and Romans

Topsoil removed and reused for landscaping

Working closely with Gloucestershire County Council to ensure the work is done sensitively

Will take approximately 12 months

Artefacts will be donated to a local museum

Findings published for future generations

Hand tools used, including shovels, mattocks and trowels
