

## **Public Summary of Collaboration Agreement**

### **zeroCO2 S.r.l. & Vivero Mundo Verde**

*Rome, Italy / Petén, Guatemala*

---

## **Agreement Type**

Framework agreement for technical and operational collaboration.

**Duration:** 30 years (2022–2052)

---

## **Parties Involved**

- **zeroCO2 S.r.l. Società Benefit** (Italy) – *Project Coordinator*
- **Vivero Mundo Verde** (Guatemala) – *Project Developer*

---

## **Objective**

The agreement formalizes the collaboration between zeroCO2 and Vivero Mundo Verde for the implementation of the **zeroCARBON** program in Guatemala, focused on ecological restoration and sustainable land management in accordance with **Plan Vivo Climate Standard v5.0**.

---

## **Key Responsibilities**

### **zeroCO2 (Project Coordinator):**

- Coordinate certification, validation and verification processes under Plan Vivo.
- Manage project finances and carbon revenue distribution.
- Handle Plan Vivo certificates and reporting.
- Lead commercial partnerships and carbon sales.
- Ensure compliance with applicable laws and Plan Vivo policies.

### **Vivero Mundo Verde (Project Developer):**

- Identify and engage local communities and indigenous groups.
- Develop land management plans and technical specifications.
- Provide field implementation, training, and ongoing technical assistance.
- Monitor project performance indicators (carbon, ecosystem, livelihoods).
- Ensure local operational execution and institutional relations.

---

## **Guiding Principles**

- Community-centered, participatory implementation.
- Compliance with international labor standards (ILO).
- Commitment to ZeroCO2's Code of Ethics.

- Shared responsibility and transparency.

---

## **Confidentiality and Legal Framework**

- The full agreement contains confidentiality clauses.
- This summary is for public informational purposes only.
- The agreement is governed by Italian law.

---
