

DECK PROTECTION

SCOTGRIP® HD DECKMATE® CARGO LANDING MATS

SCOTGRIP® HD Deckmate® Cargo Landing Mats are heavy duty, high traction, anti-slip polyurethane mats used to protect decks from heavy loads. These mats are easily positioned as designated load landing areas. We manufacture four standard mat sizes or can be custom made for individual locations.

The unique Scotgrip® anti-slip safety surface is fully integrated with our substrate and is designed to give a long lifespan. These mats have a standard thickness of 20mm (approx. 3/4") and can be multi-coloured with safety messaging borders and diagonals.

Tough and resilient to match the harshest environments, Deckmate® Cargo Landing Mats provide excellent protection to the deck, are chemical resistant and are manufactured under BS EN ISO 9001:2015 quality controlled conditions.
