

SAFETY MARKING

SIGNALERT® SAFETY MARKING SYSTEM

SCOTGRIP® HD SignAlert® safety marking system is proven to be an effective method of warning personnel of any hazards/hazardous areas which they may be exposed to and also serves as a reminder to think of safety at all times.

The SignAlert® safety marking system can be added to virtually all Scotgrip® HD anti-slip and polyurethane safety products - the most popular being stair nosings/treads, Kicker Treads®, tiles, ramps and polyurethane matting.

SignAlert® can be of any description and can incorporate standard safety signage along with the client's company logo to create a more positive impact with regards to the safety messages given. These tough and durable products are manufactured under BS EN ISO 9001:2015 quality controlled conditions.

- > ADD TO MOST SCOTGRIP® HD SAFETY PRODUCTS
- > TOUGH AND DURABLE
- > COST EFFECTIVE
- > FULLY CUSTOM MADE
- > FULLY GUARANTEED
- > EASY TO INSTALL OVER EXISTING SURFACES
- > REFLECTS POSITIVELY ON PERSONNEL PERFORMANCE
- > STANDARD SAFETY SIGNAGE
- > CUSTOM MESSAGES/COMPANY LOGOS
- > CARBON NEUTRAL ACCREDITED

SIGNALERT® STAIRWAY SAFETY

As a guideline we would recommend the following SignAlert® safety messages for each stairway;

1x tread for top step "USE TRAILING HAND TECHNIQUE"
(this message is readable when walking down the stairway)

1x tread for bottom step "USE HANDRAIL"
(this message is readable when walking up the stairway)

Depending on the stairway size (no. of steps) another SignAlert® tread could be positioned half way up the stairway. To finish off the stairway, all remaining treads can be covered with black/yellow Scotgrip® HD anti-slip stair nosings.

SIGNALERT® POLYURETHANE SAFETY

SignAlert® safety messages are available on Scotgrip® HD anti-slip polyurethane safety products. Safety messages can be of any description and can even incorporate the client's company logo. We would recommend the following SignAlert® safety messages for polyurethane;

"RED ZONE" for Drill Floor matting
(at points walkways meet drill floor matting)

"LOADING AREA" or "LOOK UP" for Cargo Landing Mats
(at multiple points around the perimeter of mat area)

➤ HIGH-TRACTION ANTI-SLIP

SignAlert® safety products will provide a sound foot holding even in the most extreme conditions and will eliminate 'Slips and Trips' in your working environment. Please note: the product type and size will determine the message size and surface grade available.

➤ HIGHLY VISIBLE

Colour coded in a wide range of colour schemes to suit individual locations. Colour codes are: safety yellow, black, green, grey, blue, red, white. Photoluminescent marking is available. Other colours available – please ask.

➤ HEAVY DUTY

SignAlert® safety products are extremely durable and will remain highly effective for many years.

➤ SAFETY MESSAGES/INFORMATION

SignAlert® can be of any description to promote safety messages/information and can incorporate the client's company logo to create a more positive impact with regards to the safety messages given.

➤ EASE OF INSTALLATION

SignAlert® safety products are designed for quick and secure fitting, either by mechanical fixings or bonding to existing surfaces. These products are pre-drilled where required for quick installation. Scotgrip® HD/UHD products are non-load bearing and must have a suitable underlying structure to be secured to.

➤ QUALITY – IT'S WHAT DRIVES US

All SCOTGRIP® HD/UHD safety products are manufactured under BS EN ISO 9001:2015 quality-controlled conditions using highly compatible raw materials at our manufacturing facility in Aberdeenshire, UK.

➤ OUR SUSTAINABILITY COMMITMENT

At SCOTGRIP®, we're really proud to have achieved carbon neutral status and we're proactively moving towards our target of zero waste. Our environmental ethos extends to everything we do, including our product innovation.
