Continuing with God's help

The Philippians continued on their journey as believers obediently, even during Paul's absence, and they learnt that you can't do anything without God's help (vv12-13).

God wants you to do His will willingly, even if you don't understand everything. If you stay close to God you will be able to pass on something of His light to other people who live without Him (vv14-15).

Paul worked very hard leading people such as the Philippians to Christ and helping them grow in the faith (v16). That's why he was able to look forward to the end result of his work.

Even if he had to die as a martyr, he was willing to bring this additional (drink)offering for God (v17).

- 9. What does the term "drink offering" mean? Read Numbers 15:5!
- 10. What is the meaning of the word "salvation" in verse 12?

Are you a beam of light for Jesus Christ in your surroundings?
