### Origins of The Brigantes Breakfast

Over 1,500 Liverymen of the City of London are resident in the North of England, with over 40 Companies having 10 or more Liverymen in this area. To enable Liverymen of all Companies to meet together in the North, especially those less able to travel regularly to London, the Brigantes Breakfast was born - the name deriving from the Brigantes tribe which occupied a similar geographical area in pre-Roman times.
