Do you consent to having your name and number added to the WCBGC WhatsApp group

Yes, I consent No I do not Consent

Signature: _____

Date: _____

Worshipful Company of Butchers Gun Club

Membership Information

Accompanying notes.

The Worshipful Company of Butchers Gun Club (shortened to the WCBGC) was formed in July 2025 by the then Master John Alton Jones and a handful of other Liverymen previously involved with the livery shooting team.

The Clubs mission is simple.

- To form a club within the livery that is all-inclusive for any level of shooter.
- To provide a varied and accessible yearly calendar suitable for all levels of shooter.
- To include days located around the country, allowing everyone to participate without the stress of long-distance travel.
- To organise shooting days for all disciplines and budgets.
- To focus heavily on the ethos of fellowship and forging new relationships within the livery.
- To offer opportunities for those who do not yet participate in our sport to simply “Have a Go”.

The WCBGC is open to all liverymen of all levels, including the beginner. We would also welcome members who do not yet shoot but are interested in the sport.

The intention is to have a yearly calendar of shoots of all disciplines. From driven game days, simulated game days, walked up, sporting clays, and family fun days.

If you are aware of other liverymen, not necessarily from our own company that would be interested in joining in, then please feel free to send their details to on to our club membership secretary.

Once your form is complete, then please send it on to the membership secretary below.
