Vocabulary booklet, internet access if possible for Quizlet, Duolingo and Memrise.		There are apps such as Duolingo and Memrise that can be used to support beyond what is set in class. We use a variety of others including sentencebuilders and Quizlet will use these to set tasks and support revision.		You can use the vocabulary booklet available via Satchel:One to test your child on the key words for each topic. Any encouragement with accessing quizzes set on Quizlet and motivation for your child to improve their percentage score will be of great benefit.
