Dear Parents and Carers

I am taking this opportunity to share how proud we are of the pupil's resilience and maturity over the past week. We know that the weather has presented challenging circumstances for everyone, and we appreciate the support we have had from parents, staff, and pupils alike.

It would be easy to not attend school, or to even close school. We made adaptations to our uniform and the pace of some lessons and the pupils have carried on. I have seen all of year 11 do incredibly well in their exams, year 6 have a full and busy careers week, practical lessons delivered with 100% pupil engagement, and new pupils having experiences at our school. School is unmissable and when we are not here, young people lose out.

The week concluded with the fantastic B-Fest on the school field organised by the PTFA with over 250 people participating. A fantastic end to the week!

I passionately believe that we should be open as a school as much as we can, allowing pupils to get a full school experience to support their learning and development. We want all of our children to thrive and grow to be the best versions of themselves and this takes courage and resilience.

I am incredibly proud of how both staff and pupils have adapted in the past week. Thank you for your support and partnership in helping us to develop your children to be the best versions of themselves.

Yours faithfully

Neil Wilkinson
Executive Headteacher
