

Boron 12

Brand Name	Boron 12
Product Code	C032
Purpose	A Soluble Liquid fertiliser for use as a nutritional supplement for Boron, Molybdenum and Zinc deficient crops with the advantage of ease of handling and mixing of water soluble nutrients.
Description	A Soluble micro-nutrient fertiliser containing: Boron, Molybdenum and Zinc.
Standard Pack Sizes	1lt, 5lt, 10lt, 800lt IBC.

Chemical Composition

Formulation (g/l)	B 120, Mo 10, Zn 0.5.
--------------------------	-----------------------

Physical Properties

Physical State	Soluble liquid
Colour	Yellow
pH	7.5 – 8.5
Density	1.30 - 1.32

Crops Recommendations

Foliar Applications	<p>2 - 2.5 ml per litre of water applied, please see label for more details. Shake bottle well before use. Half fill spray tank with water and begin agitation. Empty the required quantity into the spray tank, mix until dissolved or dispersed and add the balance of the water. Ensure agitation is maintained throughout the spraying operation. Do not allow the spray tank agitation to stop whilst product remains in the tank.</p> <p>Foliar Fix Boron 12 is tank mixable with most spray applied chemicals. Read all labels carefully and adhere to the instructions for use and advice regarding whether or not the products should be co-applied. If mixing products in the spray tank, add first product first. Many variables outside the control of Safagrow can influence the performance of co-applied products and therefore co-application is entirely at the risk of the end user.</p>
----------------------------	--

Storage

Protect from frost. Store between 5°C and 35°C. Do not store in direct sunlight. Keep away from food, drink and animal feed. Keep out of reach of children.
