

**RISK ASSESSMENT 4**

**Site or Area:** All Operational Piers

**Location or Department:** Launch and Steamer Operations

**Operations covered by this assessment:**

Arrival/Departure of vessel from a pier –  
Hand/finger trapped between vessel and pier

**People: Maximum number of persons exposed to the hazard, frequency and duration exposure:** All Passengers

**Who may be harmed:** General Public/Crew

**Hazards and severity:** 2 (1=minor, 2=serious, 3=very serious/fatal)

**Risk:** 1 (Likelihood: 1=very unlikely, 2=unlikely, 3=likely/very likely)

**Product of hazard severity x risk likelihood:** 1 (1,2,3 = low, 4 = medium, 6 or 9 = high)

**Actions already taken to reduce the risk:**

Master/Skipper to make passengers aware of hazard. (using PA system if required)  
All extremities to be kept inboard

**Assessment of residual risk:**

Passengers who are hard of hearing

**Further actions required:**

Crew to speak/show those hard of hearing the hazard.  
First Aid Box to be available onboard all vessels
