Turquoise

The star of *Riviera* on Sky Atlantic

The glitz and glamour of superyachts makes them ideal stars for blockbuster movies and big-budget television shows. We pick out eight of the best, starting with the 55.4 metre superyacht *Turquoise*, which is the star of the new Sky Atlantic series *Riviera*, starring Julia Stiles.

Launched by Turkish yard [Turquoise Yachts](#) in 2011, she features British design, with the late [Ed Dubois](#) penning her exterior lines and London-based studio [H2 Yacht Design](#) styling her lavish interiors, which can accommodate up to 12 guests and 13 crewmembers. Her star features include a Jacuzzi on the upper deck and two Caterpillar 3512B engines that allow for a top speed of 16.5 knots. Currently offered [for sale](#), *Turquoise* can carry up to 83,000 litres of fuel, meaning that she can cruise across the Atlantic at a stately 12 knot speed without needing to fill up.
