

SL55

SL80

SOFTLINE CUTTERS

MODELS: SL55, SL80

MODEL SL55

- Compact & lightweight tool designed to cut soft lines, polypropylene and fibre ropes
- Utilises a low pressure supply from the vehicle, eliminating the need for a high pressure intensifier
- Constructed from stainless steel and coated alloys to provide the optimum level of light weight and corrosion resistance

MODELS SL80

- Heavy duty hydraulically operated soft and fibre line cutting tool
- Lightweight aluminum & stainless steel construction
- Diver or ROV operable design
- Available with detachable handle kit
