# WATER HOG

## The Water Hog

Oil Patch Group offers its compact, mobile Water Hog for your onsite water and sewer needs. This easy to install system requires a small footprint but packs huge cost-saving benefits and efficiencies for the customer.

### Features & Benefits

- Purifies up to 6,000 gallons per day of potable water
- Provides up to 5,000 gallons per day of sewer treatment
- Produces up to 500 pounds of ice
- Serves as drinking water fill station
- Includes a lighted safety shower and eye wash station
- Quickly sets up on location and is a non-permit load
- Reduces trucking to/from rig location
- Reduces personnel on location
- Small footprint of approximately 8' x 16'
- Able to deliver treated liquid waste stream to the rig mud tank, reserve pit or storage
- Provides a separate station for waste stream and potable water
