

2025 CAPE 31 EUROPEAN CHAMPIONSHIP

16 – 19 October 2025

TECHNICAL COMMITTEE NOTICE 4

In the week before the European Championships it was apparent that the World Sailing Categorization Portal was not functioning. It was therefore not possible to verify crew categorizations.

As of evening of 18 October the Technical Committee understands the portal is now working and has been able to verify crew categorizations.

The following are highlighted in CMS as having crew categorization issues.

Name	Boat	Declared As	WS Categorization	WS Expiry

The crew above must make a genuine effort to obtain the categorization they declared. If any crew listed above experience issues in using the WS Categorization portal they should send a screen shot or other evidence showing the date and time to measurer@cape31class.com.

The above must be done before the end of racing today or the time at which the Race Committee signals no more racing today.

This may affect a boats eligibility to be treated as a Corinthian entry or its compliance with the class rules.
