

Emergency Class Rule Change:

In response to Q&A 33 regarding the Bob Stay the following Rule Changes have been approved by the International Executive Committee to take immediate effect.

Add new (iii) to F.5.1(a):

“(iii) Bob **Stay**”

Add new (b) to F.5.3:

“(b) The Bob **Stay** shall be manufactured from Ultra-High Molecular Weight Polyethylene and have a minimum diameter of 8mm.”
