### **Current grants and further information/updated links to the Council's Grant page**

The Council have informed us that their page regarding Covid-related grants has now been revamped – these are the current grants that are available.

Please check your eligibility for earlier grants below, if you have not already done so:

**The new grant** - that was announced last week - is not yet available, the Council is still waiting details from the Government. They have informed us that there will be a new site once the new grant is announced.

### **Key overview points**

Businesses do not need to apply again for the LRSG (Closed) Addendum Grant for Tier 4 grant from 20th Dec - 5 January, if they have previously applied successfully – please note the deadline date for applications is the 31st January 2021. Businesses need only to apply once for this grant as it will cover both the Tier 4 Grant AND subsequent lockdown period from 5 January onwards.

New businesses that opened in November/December last year can apply for either of the aforementioned grants.

We have been informed that the Council are dealing with an extremely high volume of applications and myriad governmental schemes, they advise there will an approximate timescale of two weeks from an application to payment of grant.
