

For release: 4 August 2020

The Junction BID Hospitality Businesses join the 'Eat Out to Help Out' Government scheme across Clapham Junction this August

Clapham Junction's hospitality businesses in Battersea, join the thousands of businesses who have signed-up to the Government's Eat Out to Help Out scheme, which launched this week across the UK.

Prices of meals out will be slashed by 50% in the The Junction's participating pubs, restaurants, bars and cafes and customers will receive 50% off their bills.

The half-price discount, which runs until 31st August on Mondays, Tuesdays and Wednesdays, applies to all food and non-alcoholic drinks consumed on the premises (this does not apply to food or drink served at takeaways or mobile food vans).

From the bigger brands to small independents, customers can enjoy a range of diverse cuisines from hospitality businesses within the BID footprint; namely, St John's Hill, St John's Road, Lavender Hill, Battersea Rise and Northcote Road. A myriad of international cuisine tempts diners: from Spanish, French, American, British and Thai - to Japanese, Italian, Chinese and Mexican. From fine dining, brasserie-style, gastro pub grub and tapas - to burgers, salads, wraps, light snacks, speciality teas, continental coffees, cakes, shakes and ice-creams.

The scheme offers a maximum discount of £10 per person and could save a family of four up to £40 per meal – keeping more money in families' pockets and giving a vital boost to the UK's hospitality sector.

Customers do not need a voucher to use the scheme and it can be used at the same time as other offers and discounts. There is no minimum spend and diners can take advantage of the deals as many times as they like, however, there is no discount on alcoholic drinks or service charges.

The discount will be automatically available at participating establishments and the government reimburses the businesses for the offer. All diners in a group of any size can use the discount. Details of participants can be found by typing in your postcode through this link: <https://www.tax.service.gov.uk/eat-out-to-help-out/find-a-restaurant/>

The website will then display a list of participating businesses within five miles of the customer's home address:

RESTAURANTS/PUBS/BARS & CAFES PARTICIPATING TO DATE:

Notes to Editors

The not-for-profit Clapham Junction Business Improvement District (BID) Ltd was formed in late spring last year and is run by a voluntary board of Directors who are responsible for supporting over 420+ businesses across Clapham Junction. It delivers strategies and innovative projects to improve the trading environment for businesses, the shopping experience for residents and visitors, and to drive tourism in the Clapham Junction area. The Board's role focus on prioritising three key themes (namely, Marketing and Promotion, Safe and Welcoming and Events and Festivals), highlighted by BID area businesses, during the extensive consultation prior to the November 2018 Ballot. The BID region covers Clapham Junction Station, St John's Road, Northcote Road, St John's Hill, and parts of Battersea Rise, Falcon Road (as far north as the railway bridge) and Lavender Hill (up to Battersea Arts Centre). Projects are based on themes outlined in the five-year business plan, with flexibility to respond annually to changing demands.

Background

A Business Improvement District, (BID) is a defined geographical area, where business ratepayers have voted (in a ballot process) to invest collectively in local improvements, in addition to those services already delivered by local statutory bodies.

BIDs grew and flourished in Canada and the USA in the 1970s and were introduced into the UK by the Local Government Act of 2003. The inaugural British BID was created in Kingston in 2005, with others soon following, resulting in over 320 launching across the UK over the last 14 years, with over 50 in London.
