The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. Notes to the financial statements

1. Accounting policies

Basis of preparation of financial statements

The accounts have been prepared on a going concern basis as the parent company has agreed to provide funds to enable the Company to meet its liabilities as they fall due

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards

The financial statements contain information about Zauralneftegaz Limited as an individual company and do not contain consolidated financial information of its subsidiaries. The company is exempt under Sections 400 - 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, Baltic Oil Terminals plc

The company has adopted the US Dollar as its reporting currency. The Board believes that through this approach the accounts will give a clearer picture of the performance of the company's business, while minimising the impact of the US Dollar exchange rate fluctuations. The sterling exchange rate at 31 December 2010 is £1 \$1.561 (2009 £1 \$1.593)

Intangible assets - Exploration and evaluation

Geological and geophysical exploration costs are charged against income as incurred. The direct costs associated with exploration wells, exploratory drilling and directly related overheads, are capitalised as intangible assets pending determination of proven reserves. These costs are excluded from depletion until commerciality is determined or impairment occurs. The cost of unsuccessful exploratory wells is expensed upon determination that the well does not justify commercial development.

Exploration and evaluation assets shall be assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount. When facts and circumstances suggest that the carrying amount exceeds the recoverable amount, an entity shall measure, present and disclose any resulting impairment loss in accordance with FRS 11 "Impairment of fixed assets"

Investments

Investments in subsidiaries are valued at cost less provision for impairment

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into US dollars at rates of exchange ruling at the balance sheet date

Transactions in foreign currencies are translated into US dollars at the rate ruling on the date of the transaction

Exchange gains and losses are recognised in the profit and loss account
