Notes to the Abbreviated Accounts for the period ended 31 December 2015

1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Tangible assets depreciation policy

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Long term leasehold property over 15 years on a straight line basis

Fixture and Fittings 12.5% or 25% reducing balance

Plant and machinery 12.5% reducing balance.

Valuation information and policy

Stock is valued at the lower of cost and net realisable value.

Other accounting policies

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.
