Statement of directors' responsibility

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with the applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2012

1 Accounting Policies

1.1 Accounting Convention

The financial statements are prepared under the historical cost convention

The directors have prepared the financial statements on the going concern basis. This is considered appropriate as the company's shareholders and creditors will continue to provide financial support to the company for the foreseeable future. Should the company be unable to continue trading, adjustments would have to be made to reduce the value of assets to their recoverable amounts, to provide for any further liabilities which might arise.

The financial statements present information about the company as an individual undertaking and not about its group. The company and its associate undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 399 of the Companies Act 2006 not to prepare group accounts.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except otherwise stated).

1.3 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.4 Deferred taxation

Deferred taxation is provided for in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. Any deferred tax balance has not been discounted.
