Partnerships in Care 1 Limited

Strategic Report for the Year Ended 31 December 2019

The Directors present their strategic report for the year ended 31 December 2019.

Principal activity

The principal activity of the company is the provision of a residential mental healthcare facility.

Fair review of the business

The results for the year are set out in the profit and loss account on page 6 and the position of the company as at the year end is set out in the balance sheet on page 8.

The company is focussed on the healthcare sector and the performance of the company can be impacted by external factors. The principal factors are changes in the UK government's policy towards outsourcing of care, changes in the regulatory regime and competitive threats from other independent providers. Management uses a range of financial and non-financial indicators to manage the business. These are derived from all areas of the business and include sales growth by unit, occupancy and profit margins achieved.

The company's management is satisfied with the performance for the year, and is committed to a continued growth strategy.

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business. The development, performance and position of Priory Group UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements which includes the company and does not form part of this report.

Principal risks and uncertainties

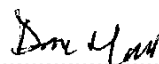

From the perspective of the company, the principal risks and uncertainties are integrated with the principal risks of the group and are not managed separately. Accordingly, the principal risks and uncertainties of Priory Group UK 1 Limited, which include those of the company, are discussed in the group's financial statements which do not form part of this report.

Statement on Section 172(1)

The following Section 172 statement, which is required by the Companies Act 2006, describes how the directors have had regard to the matters set out in Section 172(1a to 1f) including key decisions and matters that are of strategic importance to the company. The Directors, in line with their duties under Section 172 of the Companies Act 2006, act in a way they consider, in good faith would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard to a range of matters when making decisions for the long term.

From the perspective of the company, decisions and policies relating to Section 172(1) are determined at group level and applied to the company, where relevant, by the Directors. Accordingly, further details in relation to how the directors have engaged with suppliers, customers, employees and other stakeholders are included in the financial statements of Priory Group UK 1 Limited, an intermediate parent of the company, which includes the company and does not form part of this report.

Approved by the Board on 2 December 2020 and signed on its behalf by:

.....
David Hall
Company secretary

Partnerships in Care 1 Limited

Directors' Report for the Year Ended 31 December 2019

The Directors present their report and the financial statements for the year ended 31 December 2019.

This report should be read in conjunction with the strategic report on page 2. The company has chosen in accordance with Section 414C(ii) of the Companies Act 2006 to set out in the strategic report the following which the directors believe to be of strategic importance:

- Business review;
- Principal risks and uncertainties; and
- Statements in relation to how directors have engaged with employees, suppliers, customers and others in a business relationship with the company

Directors of the Company

The directors who held office during the year were as follows:

Trevor Torrington

Nigel Myers (resigned 17 December 2019)

Ryan Jervis (appointed 17 December 2019)

The directors do not recommend the payment of a final dividend (2018: £nil). No dividends were paid during the year (2018: £nil).

Financial instruments

The company's operations mean that it is exposed to a variety of financial risks that include the effects of changes in credit risk, liquidity risk and interest rate risk. The directors monitor the risks in order to limit the adverse effects on the financial performance by reviewing levels of debt finance and the related finance costs, however these are integrated with the risks of the group and not managed separately. Accordingly, the financial risk management policies of Priory Group UK 1 Limited, which include those of the company, are discussed in the group's financial statements which do not form part of this report.

Employee involvement

The directors recognise that the continued position of the company in this sector depends on the quality and motivation of its employees and as such the company is committed to pursue employment policies which will continue to attract, retain and motivate its employees.

Good and effective employee communications are particularly important and throughout the business it is the directors' policy to promote the understanding by employees of the company's business aims, performance and individual opportunities for personal and career development. This is achieved through internal publications, presentations on performance and a variety of other approaches appropriate for a particular location. Employees are consulted on issues through the "Your Say" forum. Employees have a personal development plan that is monitored, assessed and modified during the annual appraisal process.

The directors monitor the results of staff surveys, both regular and ad hoc, together with employee forums, to enable them to discuss human resourcing matters with the interests of the workforce at heart. Annual salary reviews are undertaken with reference to the importance of employee retention, changes in the National Living Wage, and commercial factors. The directors are committed to communicating the results of any wage reviews in a transparent manner.

Employment of disabled persons

The directors believe that it is important to recruit and retain capable and caring staff regardless of their sex, marital status, race or religion. It is the company's policy to give full and fair consideration to applications for employment from people who are disabled, to continue wherever possible the employment of and to arranged appropriate training for, employees who become disabled and to provide equal opportunities for the career development, training and promotion of disabled employees.

Partnerships in Care 1 Limited

Directors' Report for the Year Ended 31 December 2019 (continued)

Future developments

The future developments of the company are aligned to the strategy of the UK group, headed by Priory Group UK 1 Limited. The group's strategy for the future development of the business is included in the group's financial statements, which do not form part of this report.

Going concern

The directors have adopted the going concern basis in preparing these accounts after assessing the principal risks and having considered the impact of the COVID-19 pandemic. The going concern of Priory Group UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements, which includes the company and does not form part of this report.

After making appropriate enquiries and having considered the business activities and principal risks and uncertainties, the directors of the group are satisfied that the group as a whole has adequate resources to continue in operational existence for the foreseeable future. As a result the intermediate parent company, Priory Group UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least twelve months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

Approved by the Board on 2 December 2020 and signed on its behalf by:

.....

David Hall
Company secretary

Partnerships in Care 1 Limited

Statement of Directors' Responsibilities

The Directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Partnerships in Care 1 Limited

Profit and Loss Account for the Year Ended 31 December 2019

| | Note | 2019 £ 000 | 2018 £ 000 |
|--------------------------------------|------|-----------------|-----------------|
| Turnover | 3 | 18,627 | 18,005 |
| Cost of sales | | <u>(15,731)</u> | <u>(14,642)</u> |
| Gross profit | | 2,896 | 3,363 |
| Administrative expenses | | <u>(3,081)</u> | <u>(2,995)</u> |
| Operating (loss)/profit | 4 | (185) | 368 |
| Interest payable and similar charges | 5 | <u>(49)</u> | <u>(7)</u> |
| (Loss)/profit before tax | | (234) | 361 |
| Taxation | 8 | <u>(223)</u> | <u>(327)</u> |
| (Loss)/profit for the financial year | | <u>(457)</u> | <u>34</u> |

The above results were derived from continuing operations.

The company has no recognised gains or losses for the year other than the results above.

Balance Sheet as at 31 December 2019 (continued)

For the financial year ending 31 December 2019 the company was entitled to exemption from audit under section 479A of the Companies Act 2006 relating to subsidiary companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

Approved and authorised by the Board on 2 December 2020 and signed on its behalf by:

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019

1 General information

The company is a private company limited by share capital incorporated in United Kingdom.

The address of its registered office is:

Fifth Floor
80 Hammersmith Road
London
W14 8UD
United Kingdom

These financial statements were authorised for issue by the Board on 2 December 2020.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis of preparation

The financial statements are presented in sterling, rounded to the nearest thousand. They are prepared on a going concern basis and under the historical cost convention. The principal accounting policies applied in the preparation of these financial statements are set out below, and, unless otherwise stated, these policies have been consistently applied to all the periods presented.

Summary of disclosure exemptions

The principle disclosure exemptions adopted by the company in accordance with FRS 102 are as follows:

- Statement of cash flows;
- Certain financial instrument disclosures;
- Disclosure of key management personnel compensation;
- Disclosures in respect of related party transactions entered into between fellow group companies (the company has no other related party transactions); and
- Roll-forward reconciliations in respect of share capital, tangible fixed assets and intangible assets.

Group accounts not prepared

The company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare group financial statements on the grounds that it is included in the consolidated financial statements of a parent undertaking. These financial statements present information about the company as an individual undertaking and not about its group.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

2 Accounting policies (continued)

Going concern

The directors have adopted the going concern basis in preparing these accounts after assessing the principal risks and having considered the impact of the COVID-19 pandemic. The going concern of Priory Group UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements, which includes the company and does not form part of this report.

After making appropriate enquiries and having considered the business activities and principal risks and uncertainties, the directors of the group are satisfied that the group as a whole has adequate resources to continue in operational existence for the foreseeable future. As a result the intermediate parent company, Priory Group UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least twelve months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

Changes in accounting policy

The following have been applied for the first time from 1 January 2019 and have had an effect on the financial statements:

IFRS16

Note 2 sets out the company's accounting policy in respect of leases under IFRS 16, and Note 12 details the impact of the change in accounting policy.

Judgements

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period then ended. Management bases its estimates on historical experience and various other assumptions that are considered to be reasonable in the particular circumstances. Actual results may differ from these estimates.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the Company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the company.

The Company recognises revenue when:

The amount of revenue can be reliably measured;
it is probable that future economic benefits will flow to the entity;
and specific criteria have been met for each of the Company's activities.

Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

2 Accounting policies (continued)

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the Company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Tangible fixed assets

Tangible fixed assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible fixed assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

| Asset class | Depreciation method and rate |
|-----------------------|--|
| Freehold buildings | over 50 years |
| Fixtures and fittings | over 3 to 16 years |
| Motor vehicles | over the shorter of the lease term and 4 years |

Leases

The company has applied IFRS 16 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under IAS 17 and IFRIC 14. The details of accounting policies under IAS 17 and IFRIC 14 are disclosed separately if they are different from those under IFRS 16 and the impact of changes in disclosed in Note 12.

Prior to 1 January 2019, the company's accounting policy was as follows:

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. Assets held under finance leases are recognised as non-current assets of the company at the lower of their fair value at the date of commencement of the lease and at the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance costs in the income statement and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

2 Accounting policies (continued)

From 1 January 2019, the company's accounting policy was as follows:

At inception of a contract, the company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For each lease, the company recognises a "right of use" asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be easily determined, the company's incremental borrowing rate for financial instruments of a duration commensurate with the lease term. Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability include fixed payments, variable lease payments that depend on an index or a rate; amounts expected to be payable under a residual value guarantee; and the exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is remeasured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount to be payable under a residual value guarantee, or if the company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right of use asset, or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

For motor vehicle leases that were classified as finance leases applying IAS 17, the carrying amount of the right of use asset and the lease liability at initial application are the carrying amount of the finance lease asset and liability immediately prior to the redesignation as right of use assets and liabilities.

IFRS 16 sets out a number of practical expediciencies that an entity can utilise upon adoption of the standard. The company has made use of the following practical expediciencies:

- Short-term leases - the company has elected not to recognise right of use assets and lease liabilities for short-term leases of property and equipment that have a lease term of 12 months or less. The company recognises the lease payments associated with short-term leases as an expense on a straight-line basis over the lease term.
- Leases of low-value assets - the company has elected not to recognise right of use assets and lease liabilities for leases of low-value assets, including sundry IT and office equipment. The company recognises the lease payments associated with low-value leases as an expense on a straight-line basis over the lease term.
- Portfolio approach to discount rates - the company has elected to apply a single discount rate to portfolios of leases with reasonably similar characteristics, namely leases with a similar remaining lease term.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

2 Accounting policies (continued)

- Impairment review on initial application - the company has elected to rely on its assessment of whether leases are onerous (through the application of IAS 37) as an alternative to performing an impairment review on initial application.

Business combinations

Business combinations are accounted for using the purchase method. The consideration for each acquisition is measured at the aggregate of the fair values at acquisition date of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquired, plus any costs directly attributable to the business combination. When a business combination agreement provides for an adjustment to the cost of the combination contingent on future events, the Group includes the estimated amount of that adjustment in the cost of the combination at the acquisition date if the adjustment is probable and can be measured reliably.

Goodwill

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the Company's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the entity recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is held in the currency of the acquired entity and revalued to the closing rate at each reporting period date. Goodwill is amortised over its useful life, which shall not exceed ten years if a reliable estimate of the useful life cannot be made.

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

| Asset class | Amortisation method and rate |
|-------------|------------------------------|
| Goodwill | less than 20 years |

Investments

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Debtors

Debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of debtors is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

2 Accounting policies (continued)

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out (FIFO) method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Profit and Loss Account over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the Company has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

3 Revenue

The analysis of the company's revenue for the year from continuing operations is as follows:

| | 2019 | 2018 |
|-----------------------|---------------|---------------|
| | £ 000 | £ 000 |
| Rendering of services | <u>18,627</u> | <u>18,005</u> |

4 Operating loss

Arrived at after charging/(crediting)

| | 2019 | 2018 |
|-------------------------------------|--------------|--------------|
| | £ 000 | £ 000 |
| Depreciation expense | 1,021 | 950 |
| Depreciation of right of use assets | 120 | - |
| Amortisation expense | 2,227 | 2,227 |
| Impairment loss | 296 | - |
| Operating lease expense - property | <u>-</u> | <u>32</u> |

5 Interest payable and similar charges

| | 2019 | 2018 |
|--|--------------|--------------|
| | £ 000 | £ 000 |
| Interest on obligations under finance leases and hire purchase contracts | - | 7 |
| Interest on right of use liabilities | <u>49</u> | <u>-</u> |
| | <u>49</u> | <u>7</u> |

6 Staff costs

The aggregate payroll costs (including directors' remuneration) were as follows:

| | 2019 | 2018 |
|--|---------------|---------------|
| | £ 000 | £ 000 |
| Wages and salaries | 10,368 | 10,000 |
| Social security costs | 699 | 723 |
| Pension costs, defined contribution scheme | <u>202</u> | <u>143</u> |
| | <u>11,269</u> | <u>10,866</u> |

The average number of persons employed by the company (including directors) during the year, analysed by category was as follows:

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

6 Staff costs (continued)

| | 2019 | 2018 |
|----------------------------|-------------|-------------|
| | No. | No. |
| Administration and support | 91 | 91 |
| Other departments | 390 | 343 |
| | <u>481</u> | <u>434</u> |

7 Directors' remuneration

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts have been recharged to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.

8 Taxation

Tax charged/(credited) in the income statement

| | 2019 | 2018 |
|---|--------------|--------------|
| | £ 000 | £ 000 |
| Current taxation | | |
| UK corporation tax | 184 | 226 |
| Deferred taxation | | |
| Arising from origination and reversal of timing differences | 39 | 101 |
| Tax expense in the income statement | <u>223</u> | <u>327</u> |

The tax on profit before tax for the year is higher than the standard rate of corporation tax in the UK (2018 - higher than the standard rate of corporation tax in the UK) of 19% (2018 - 19%).

The differences are reconciled below:

| | 2019 | 2018 |
|--|--------------|--------------|
| | £ 000 | £ 000 |
| (Loss)/profit before tax | <u>(234)</u> | <u>361</u> |
| Corporation tax at standard rate | (44) | 69 |
| Effect of expense not deductible in determining taxable profit (tax loss) | 561 | 423 |
| Deferred tax expense (credit) relating to changes in tax rates or laws | (16) | (12) |
| Deferred tax expense (credit) from unrecognised temporary difference from a prior period | (95) | 3 |
| Increase (decrease) in UK and foreign current tax from adjustment for prior periods | - | (4) |
| Tax increase (decrease) from other short-term timing differences | - | 56 |
| Tax increase (decrease) from transfer pricing adjustments | <u>(183)</u> | <u>(208)</u> |
| Total tax charge | <u>223</u> | <u>327</u> |

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

8 Taxation (continued)

The company's profits for this accounting year are taxed at an effective rate of 19% (2018: 19%).

A reduction in the main rate of corporation tax to 17% with effect from 1 April 2020 was substantively enacted on 6 September 2016. Finance Bill 2020 reversed this proposed rate reduction but that legislation had not been substantively enacted at the balance sheet date. As such the group's deferred tax balances continue to be calculated at 17%.

Deferred tax

Deferred tax assets and liabilities

| | Liability |
|------------------------------|------------------|
| | £ 000 |
| 2019 | |
| Accelerated tax depreciation | <u>(397)</u> |
| | Liability |
| | £ 000 |
| 2018 | |
| Accelerated tax depreciation | <u>(358)</u> |

The principal activity of Partnerships in Care (Nelson) Limited is mental health services.

Partnerships in Care 1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2019 (continued)

12 Leases and IFRS 16 right of use assets and liabilities

The company leases a number of assets, information about leases for which the company is a lessee is presented below.

| | Land & buildings £ 000 | Motor vehicles £ 000 | Total £ 000 |
|-----------------------------------|---------------------------|-------------------------|----------------|
| Right of use assets | | | |
| At 1 January 2019 | 793 | 92 | 885 |
| At 31 December 2019 | <u>701</u> | <u>46</u> | <u>747</u> |
| Additions and depreciation | | | |
| Depreciation charge for the year | <u>(79)</u> | <u>(41)</u> | <u>(120)</u> |

See note 18 for right of use liabilities recognised in relation to leases. Interest on lease liabilities of £49,000 (2018: £nil) was recognised in the profit and loss account.

The company leases motor vehicles with lease terms generally of four years.

The company leases land and buildings with a remaining lease term of 9.0 years.

Impact on adoption of IFRS 16

The company has applied IFRS 16 with a date of initial application of 1 January 2019, using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 January 2019. Note 2 sets out the accounting policy for the two years presented.

On transition to IFRS 16, the company recognised £885,000 of right of use assets and £872,000 of right of use liabilities. There was no impact on retained earnings. When measuring lease liabilities, the company discounted lease payments using its incremental borrowing rate of 5.5% at 1 January 2019.

The following reconciliation to the opening balance for the lease liabilities as at 1 January 2019 is based upon the operating lease obligations as at 31 December 2018:

| | |
|--|--------------|
| | £'000 |
| Operating lease commitments at 31 December 2018 | 1,130 |
| Finance lease liabilities recognised at 31 December 2018 | 79 |
| Impact of discounting using the incremental borrowing rate | (219) |
| Variable lease payments based on an index or a rate | <u>(118)</u> |
| Lease liabilities recognised at 1 January 2019 | <u>872</u> |

The address of Priory Group UK 1 Limited is:
Fifth Floor, 80 Hammersmith Road, London, W14 8UD, United Kingdom.

21 Non adjusting events after the financial period

COVID-19

The evolving situation regarding the COVID-19 outbreak is regarded by the company as a disclosable event occurring after the reporting date but prior to the issuance of these financial statements. The company has determined that COVID-19 is a non-adjusting post balance sheet event as at 31 December 2019 on the basis that at that date the World Health Organisation had not declared a global health emergency, and there was no significant known presence of the virus outside China, a territory with minimal direct involvement with the company.

As a non-adjusting event, no adjustment to the financial performance or position for the year has been made.

The impact of COVID-19 on the profitability, financial position and solvency of Priory Group UK 1 Limited, which include this company, is discussed in the group's financial statements which do not form part of this report.

The directors' report sets out the considerations made by the company in determining that the going concern basis of preparation remains appropriate.
