**Directors Report and Business Review
for the period 01-05-2009 to 30-04-2010**

The period 01-05-2009 to 30-04-2010 was the second year of trading by Ablados Software Services Limited

During this period all work done was under contracts with Hays IT to provide programming support. Work has been available throughout the year but the rate paid per hour was lower at the end of the year than at the beginning.

For the coming year we expect work to be available at rates similar to those at the end of the current year. During the coming year we plan to increase our capacity to generate revenue by undertaking additional training and possibly extending the distances we are prepared to travel in order to undertake contract work.
