The financial statements have been prepared under the historical cost convention.

#### **Turnover**

Turnover represents the total invoice value, excluding value added tax, of goods sold and services rendered during the year.

#### **Goodwill**

Goodwill is the difference between the amount paid on the acquisition of a business and the aggregate fair value of its separate net assets. Depending on the circumstances of each acquisition, goodwill is either set off directly against reserves or amortised through the profit and loss account over the directors' estimate of its estimated economic life.

#### **Depreciation of tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its useful life:

Fixtures, fittings and equipment	12% reducing balance
----------------------------------	----------------------

#### **Stocks**

Stocks are stated at the lower of cost and net realisable value.

Net realisable value is based on estimated selling price less further costs to completion and disposal.

#### **Pension costs**

The company operates a money purchase (defined contribution) pension scheme. Contributions payable to this scheme are charged to the profit and loss account in the period to which they relate. These contributions are invested separately from the company's assets.
