NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 1999

1 Accounting Policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 1999).

1.2 Turnover

Turnover represents amounts receivable for rents of properties and commissions.

1.3 Tangible fixed assets and depreciation

Freehold investment properties are not revalued in accordance with SSAP 19 and are stated at cost. In the opinion of the directors the current open market value of these properties is not less than the amount shown in the financial statements.

No depreciation is provided in respect of freehold investment properties. Although the Companies Act would normally require the systematic annual depreciation of fixed assets, the directors believe that this policy of not providing depreciation is necessary in order for the financial statements to give a true and fair view, since the current value of investment properties, and changes in that current value, are of prime importance rather than a calculation of systematic annual depreciation. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

1.4 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.
