for the Year Ended 31 December 2013**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis. The financial statements show that the net liabilities exceeded the net assets. The company is therefore reliant on the support of the Creditors. No adjustment has been made to reclassify assets and liabilities on the basis that the support from the Creditors will not be withdrawn. The Directors therefore consider it appropriate to prepare the financial statements on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net sales of goods and services, excluding value added tax.

Goodwill

Goodwill, being the amounts paid in connection with the acquisition of businesses, is being amortised evenly over its estimated useful life of ten years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Leasehold property improvement	- Straight line over the lease term
Furniture, Fixtures & fittings	- 25% on cost
Motor vehicles	- 25% on cost
Equipment	- 33% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
