XCONNECT TRADING LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2010

The directors present their report and financial statements for the year ended 31 December 2010

Principal activities and review of the business

The principal activity of the company is to provide administration and market access to professional trading teams and brokers on world wide derivative exchanges and secondary securities markets. The company is authorised and regulated by the Financial Services Authority

The results for the year and the financial position at the year end were considered satisfactory by the directors who hope to maintain profitability in the coming year

The Company continues to invest in its technology architecture in order to ensure that it maintains a competitive and high quality of service

Management considers the primary key performance indicators to be cash flows and transaction volumes undertaken through the trading platforms it supports. Budgeting includes expenditure on technology projects to enhance the longer term development of the business

Pillar III Disclosure - Scope and application of the requirements

The Company is governed by its Directors ('the Board') who determine its business strategy and risk appetite. They are also responsible for establishing and maintaining the Company's governance arrangements along with designing and implementing a risk management framework that recognises and manages the risks that the business faces. The Board meets on a regular basis to discuss profitability, cash flow, regulatory capital management, and business planning and risk management. The Board manages the Company's risks through a framework of policies and procedures having regard to relevant laws, standards, principles and rules (including FSA principles and rules) with the aim of operating a defined and transparent risk management framework

The Board has identified that reputational and operational risk are the main areas of risk to which the Company may be exposed. Annually the Board formally reviews the risks, controls and other risk mitigation arrangements and assesses their effectiveness. Where the Board identifies material risks it considers the financial impact of these risks as part of its business planning and capital management process and concludes whether its regulatory capital is adequate. The Company is small with a simple operational infrastructure. The general objective is to develop systems and controls to mitigate risk to such a level that the allocation of Pillar 2 capital is not required

The Company is authorised and regulated by the Financial Services Authority and as such it is subject to minimum regulatory capital requirements. It is a BIPRU €50k limited licence firm registered with the FSA (FRN No. 403317) and lodges its financial statements with Companies House

It is the Company's experience that the capital requirement of the Company is the fixed overhead requirement (FOR) and not the sum of any market and credit risk. Therefore for the purpose of the regulatory capital requirement calculation, disclosures relating to market and credit are considered to be immaterial in relation to the business

As at the 31 December 2010 the Company had £668,000 of capital with a FOR of £413,000. The Company has substantial excess resources over its regulatory capital requirement

XCONNECT TRADING LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2010

Principal risks and uncertainties

The Company's operations expose it to a variety of risks. The Company has in place a risk management programme that seeks to limit the potential adverse effects on its financial performance.

Financial instruments

The company's principal financial instruments comprise cash and liquid resources as well as various items, such as trade debtors, and creditors that arise directly from its operations. These instruments provide regulatory capital and finance for operations.

Liquidity risk

The company finances its operations through share capital and retained earnings, as such liquidity risk is not considered significant. Surplus funds are placed on deposit with highly rated banks.

Interest rate risk

The company is not exposed to interest rate risk because its cash deposits have short maturities and so earn interest on a floating rate basis.

Foreign currency risk

The company holds cash balances in US dollars and Euros as income is generated in these currencies. Foreign exchange risk is managed by ensuring any surplus non-Sterling cash is converted to Sterling on a regular basis.

Credit risk

The Company is exposed to credit risk in respect of cash balances held by it at its bankers and general clearer.

Operational risk

The risk of direct or indirect loss, failure or damaged reputation does exist. This could result from inadequate or failed internal processes or system failure or from external events relating to legal and compliance issues. Operational risks are inherent in all activities within the organisation, and in all interaction with external parties. The company mitigates operational risk through its internal controls and monitors the results.

Results and dividends

The results for the year are set out on page 6.

Future developments

The Company continues to invest in its staff through both training and through the reorganisation of their responsibilities. The Board have directed the technology team to continue to focus on improving the efficiency of the business.

Directors

The following directors have held office since 1 January 2010.

Paul White
Adrian Chorley

XCONNECT TRADING LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2010

Auditors

In accordance with the Company's Articles, a resolution proposing that The Gallagher Partnership LLP be reappointed as auditors of the company will be put at a General Meeting

Directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditors

So far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware. Additionally, the directors have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditors are aware of that information.

On behalf of the board

Adrian Chorley

Director

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF XCONNECT TRADING LIMITED

We have audited the financial statements of XConnect Trading Limited for the year ended 31 December 2010 set out on pages 6 to 17. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on pages 1 - 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2010 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

XCONNECT TRADING LIMITED

INDEPENDENT AUDITORS' REPORT (CONTINUED) TO THE MEMBERS OF XCONNECT TRADING LIMITED

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

XCONNECT TRADING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1 Accounting policies

A summary of principal accounting policies, all of which have been applied consistently throughout the year and the preceding year, is set out below

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated)

1.3 Turnover

Turnover represents amounts receivable for services provided in the normal course of business. Revenue is recognised in line with accrual accounting based on fees received for services provided during the financial year.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery	33% on a reducing balance basis
Fixtures, fittings & equipment	33% on a reducing balance basis

1.5 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.6 Taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.7 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.8 Going concern

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

2 Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom.
