HAYES & PARTNERS LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30TH APRIL 2007

1 ACCOUNTING POLICIES

Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

Turnover

Turnover comprises the value of services provided and disbursements recharged to clients (stated net of Value Added Tax)

Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost less depreciation

Depreciation is provided at rates calculated to write off the cost of fixed assets over their expected useful lives on the following bases

Property improvements	- over 21 years
Fixtures and fittings	- over 10 years

Work in progress

Work in progress represents the value of work performed on behalf of clients not invoiced at the balance sheet date

Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

Pensions

The company operates a self-administered pension scheme. The cost of contributions made by the company to the scheme are charged to profit and loss account as incurred.
