FOR THE YEAR ENDED 31 DECEMBER 2012

Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

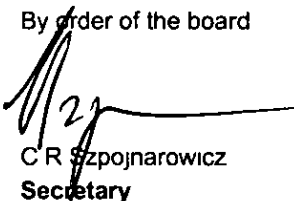

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2012

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

1.1 Basis of preparation

The financial statements are prepared in accordance with applicable accounting standards (UK GAAP) and under the historical cost convention

The company has taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from the requirement to produce a cash flow statement on the grounds that it is a subsidiary undertaking where 90 percent or more of the voting rights are controlled within the group

1.2 Going concern

The financial statements have been prepared on the going concern basis, notwithstanding net liabilities of £490,850 which the directors believe to be appropriate for the following reasons. The company is dependent for its working capital on funds provided to it by The UNITE Group plc. The UNITE Group plc has provided the company with an undertaking that for at least 12 months from the date of approval of these financial statements, it will continue to make available such funds as are needed by the company, and in particular, will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue, although, at the date of approval of these financial statements, they have no reason to believe that it will not do so. Based on this understanding the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

1.3 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.4 Deferred taxation

The charge for taxation is based on the loss for the year and takes account of taxation deferred because of timing differences between the treatment of certain items for taxation and treatment under the company's accounting policies.

Deferred tax assets and liabilities arise from timing differences between the recognition of gains and losses in the financial statements and their recognition in a tax computation.

In accordance with FRS19, deferred tax is provided in respect of all timing differences that have originated but not reversed at the balance sheet date that may give rise to an obligation to pay more or less tax in the future except as otherwise provided by FRS19. Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on the sale has been recognised in the financial statements. Deferred tax is measured on a non-discounted basis.

1.5 Turnover

Turnover from investment property leased out under operating leases is recognised in the profit and loss account on a straight line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income and are spread over the shorter of the lease term or the date when it is expected rent will revert to the prevailing market rate.
