### 1 Accounting Policies

The principal accounting policies which are adopted consistently in the preparation of the financial statements are set out below.

#### **Basis of accounting**

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company.

#### **Turnover**

Turnover represents net invoiced sales of goods and services, excluding value added tax.

#### **Depreciation of tangible fixed assets**

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are:

Fixtures and fittings	15%	reducing balance method
Plant and machinery	15%	reducing balance method

#### **Stocks**

Stock and work in progress is valued at the lower of cost and estimated net realisable value.

Cost of raw materials is determined on the first in first out basis. In the case of work in progress and finished goods, cost includes all direct expenditure and production overheads based on the normal level of activity. Net realisable value is the price at which the stock can be released in the normal course of business, less further costs to completion of sale.

#### **Deferred taxation**

Deferred taxation is provided under the liability method in respect of all material timing differences between the profits as computed for taxation purposes and the profits as stated in the financial statements.
