Stanbrook Abbey Hotel Limited

Directors' Report For the Period Ended 28 November 2019

The directors present their report and the financial statements for the 52 week period ended 28 November 2019 (2018: 52 week period).

Principal activities

The company's principal activity during the period was the ownership and operation of the Stanbrook Abbey Hotel.

Business review

The results for the period and financial position of the company are as shown in the annexed financial statements. The directors are optimistic as to the future success of the company.

The hotel turnover increased by 9.1% for the period to £3,464k (2018: £3,174k) and the operating loss was £1,323k (2018: £904k). The company's EBITDA for the period was a loss of £879k (2018: loss of £728k). The rise in turnover is primarily driven by the increase in average number of available rooms during the period.

Rooms performance showed a decrease of 2.1% in occupancy and a decrease of £1.75 in revpar (revenue per available room) for the period.

Despite the challenging times as a result of COVID-19, and its negative impact on the economy especially within the hospitality industry, the directors still remain optimistic as to the future success of the company.

Principal risks and uncertainties

The directors consider the following to be principal risks and uncertainties facing the company:

- financial and operational impact of the coronavirus pandemic;
- economic recession;
- changes to government regulations including legislation on employees, environmental and health and safety;
- natural disasters

The directors take a regular review of the company's exposure to these risks.

Dividends

The loss for the period, after taxation, amounted to £1,323k (2018 - loss of £904k).

No dividends were paid during the period ended 28 November 2019 (2018: £nil).

Going concern

The global and UK outbreak of coronavirus subsequent to the year end (and thereby considered a non-adjusting post balance sheet event for accounting purposes), and its impact on the company, has been and continues to be closely reviewed by the board of directors. Further information in this regard is provided in note 1 to these financial statements, including the basis on which the board have concluded that it remains appropriate to adopt the going concern basis of preparation.

Directors

The directors who served during the period:

Stanbrook Abbey Hotel Limited

Directors' Report (continued) For the Period Ended 28 November 2019

Directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

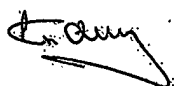

Provision of information to auditor

Each person who was a director at the time when this report was approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any information needed by the company's auditor in connection with preparing their report and to establish that the company's auditor is aware of that information.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

This report was approved by the board on 27 November 2020 and signed on its behalf.

K Arkley
Director

Stanbrook Abbey Hotel Limited

Independent Auditor's Report to the Members of Stanbrook Abbey Hotel Limited

Opinion

We have audited the financial statements of Stanbrook Abbey Hotel Limited (the 'company') for the period ended 28 November 2019 which comprise Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 28 November 2019 and of its loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty relating to going concern

We draw attention to note 1 to the financial statements which describes how the ability of the company to continue as a going concern is affected by the potential impacts of the COVID-19 pandemic. Certain potential scenarios suggest that, based on reasonably expected phased reintroduction of normal operations, the company will require additional funding which is not guaranteed. These events indicate that a material uncertainty exists that may cast significant doubt over and company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Other information

The other information comprises the information included in the report and financial statements, other than the financial statements and our Auditor's Report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Stanbrook Abbey Hotel Limited

Independent Auditor's Report to the Members of Stanbrook Abbey Hotel Limited (continued)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the Directors' Report and from the requirement to prepare a Strategic Report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on The basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's Report.

Stanbrook Abbey Hotel Limited

Independent Auditor's Report to the Members of Stanbrook Abbey Hotel Limited (continued)

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

1. Accounting policies

General information

Stanbrook Abbey Hotel Limited is a private limited company incorporated in England & Wales under the Companies Act. The address of the registered office is given on the company information page and the nature of the company's operations and its principal activities are set out in the Directors' Report.

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with FRS 102 Section 1A Small Entities and the Companies Act 2006.

The policies applied under the entity's previous accounting framework are not materially different to FRS 102 Section 1A Small Entities and have not impacted on equity and profit and loss.

The current period financial statements are prepared on a 52 week period (2018: 52 week period).

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the company's accounting policies (see note 2).

The following principal accounting policies have been applied consistently throughout the preceding period and current period.

Going concern

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Directors Report on page 2 of these financial statements.

The company meets its day-to-day working capital requirements through use of its cash and facilities provided by its wider group headed by Hand Picked Hotels Holdings (Guernsey) Limited, for which the board has requested and received confirmation of intended ongoing parent company support.

As at 28 November 2019, the company reported net assets of £8,056k (2018: £9,379k). The company had no external non-related party borrowings (including overdraft facilities) and this remains the case. In assessing the appropriateness of the going concern assumption, the directors have prepared detailed cash flow forecasts for the company extending beyond 12 months from the date of approval of these financial statements, taking into account £250k of working capital funding received from Hand Picked Hotels Holdings (Guernsey) Limited since the year ended. These forecasts have been consolidated with those of the wider Hand Picked Hotels Holdings (Guernsey) Limited. However, it is acknowledged that the global and UK outbreak of COVID-19 has had a profound impact on these forecasts.

In accordance with UK government requirements, all hotels in the group including that owned and operated by the company, closed to public customers on 26 March 2020 and remained closed until 4 July 2020. At the time of signing the financial statements, it is not yet known how long a phased reintroduction of operating activities resulting from social distancing measures will be required. Accordingly, management have modelled various cash flow scenarios based on alternative rates of return to normalised occupancy rates and room rates. At present the board anticipates that changes to social distancing restrictions will enable the company to return to full trading during 2021.

The board acknowledge that 'full trading' may look very different post-COVID-19 than it did pre-COVID-19 and the management team have been planning for this with a restructuring of its operations in response to anticipated market demand, ultimately to profitably deliver enhanced quality of service at lower rates of occupancy.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

1. Accounting policies (continued)

Going concern (continued)

The directors acknowledge however that the environment is continuously changing and, as such, projecting the rate at which the impacts of COVID-19 will ease, and when and how distancing restrictions will be lifted is challenging. In order to mitigate the associated impacts on revenue during this time, and in order to protect the longer term interests of the company and its employees, the company, and group, has taken measures to reduce its cost base.

The company is dependent on the wider Hand Picked Hotels Holdings (Guernsey) Limited for ongoing financial support in the form of future operating funding.

As at the year end, the wider Hand Picked Hotels Holdings (Guernsey) Limited had outstanding facilities, subject to bank covenants, of £30m, that matures on 30 November 2020. As at the time of signing these accounts, the company is in discussion with the existing lender to provide a further loan facility.

In light of the impacts of COVID-19 and the various potential scenarios, along with the expiry of current banking facilities at the end of November 2020, the directors have identified a material uncertainty that may cast significant doubt over the company's ability to continue as a going concern for the foreseeable future.

Notwithstanding the above uncertainty, having considered current forecasts (including reasonably foreseeable scenarios) and the willingness and ability of the shareholders to continue to provide ongoing support, the board have concluded that it remains appropriate to prepare the financial statements on a going concern basis.

The financial statements do not include the adjustments that would result if the company were unable to continue as a going concern.

Turnover

Turnover represents amounts receivable for accommodation, food and beverage sales and ancillary hotel services provided in the normal course of business, net of trade discounts, VAT and other sales related taxes. Turnover is recognised at the point at which goods and services are delivered to the customer. Deposits which have been received at the balance sheet date for which services have not yet been provided are shown as payments in advance within creditors. All turnover arose within the United Kingdom.

Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

The company adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the company. The carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

1. Accounting policies (continued)

Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method, as follows:

Freehold buildings core	- 50 years
Freehold buildings surface finishes and services	- 20 years
Fixtures and fittings	- 4 to 25 years

Freehold land is not depreciated.

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Comprehensive Income.

Interest

Interest income and expense is recognised in the Statement of Comprehensive Income using the effective interest method.

Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the Statement of Comprehensive Income.

Debtors

Short term debtors are measured at transaction price, less any impairment. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment.

Creditors

Short term creditors are measured at the transaction price. Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Holiday pay accrual

A liability is recognised to the extent of any unused holiday pay entitlement which has accrued at the balance sheet date and carried forward to future periods. This is measured at the undiscounted salary cost of the future holiday entitlement so accrued at the balance sheet date.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

1. Accounting policies (continued)

Current and deferred taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the country where the company operates and generates taxable income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

Related party transactions

The company has taken advantage of the exemption under paragraph 33.1A of the Financial Reporting Standard 102 not to disclose transactions with other wholly owned members of the group.

Pensions

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in the Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the statement of financial position. The assets of the plan are held separately from the company in independently administered funds.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

1. Accounting policies (continued)

Financial instruments

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the group would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, the directors have made the following judgements:

- Determine whether leases entered into by the company either as a lessor or a lessee are operating or finance leases. These decisions depend on an assessment of whether the risks and rewards of ownership have been transferred from the lessor to the lessee on a lease by lease basis.
- Determine whether there are indicators of impairment of the company's fixed assets. Factors taken into consideration in reaching such a decision include the most recent third party valuations, the economic viability and expected future financial performance of the asset.

Other key sources of estimation uncertainty

- Tangible fixed assets (see note 6)

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

3. Operating loss

This is stated after charging:

	Period ended 28 November 2019 £	Period ended 29 November 2018 £
Depreciation of tangible fixed assets	444,556	176,090
Operating lease rentals	1,817	-
Auditor's remuneration for audit services	4,680	4,420
	449,053	180,510

4. Staff costs

	Period ended 28 November 2019 £	Period ended 29 November 2018 £
Wages and salaries	1,458,669	1,469,240
Social security costs	105,717	102,741
Other pension costs	40,748	29,841
	1,605,134	1,601,822
Agency staff	350,906	297,070
	1,956,040	1,898,892

None of the directors received any remuneration for the period (2018: £nil).

The average monthly number of employees, including the directors, during the period was as follows:

	Period ended 28 November 2019 No.	Period ended 29 November 2018 No.
Hotel operations	39	40
Administration	7	7
	46	47

Stanbrook Abbey Hotel Limited

Notes to the Financial Statements For the Period Ended 28 November 2019

5. Taxation

	Period ended 28 November 2019 £	Period ended 29 November 2018 £
Current tax		
UK corporation tax at 19% (2018: 19%)	-	-
Deferred tax		
Origination and reversal of timing differences	-	-
Tax on loss on ordinary activities	-	-
Reconciliation of tax charge		
	Period ended 28 November 2019 £	Period ended 29 November 2018 £
Loss on ordinary activities before tax	(1,322,833)	(903,948)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2018 - 19%)	(251,338)	(171,750)
Effects of:		
Expenses not deductible for tax purposes	60,881	22,691
Group relief surrendered	166,873	137,631
Deferred tax not recognised	21,102	10,225
Difference in UK tax rates	2,482	1,203
Current tax charge for the period	-	-

The company has an unrecognised deferred tax asset of £38,057 (2018: £16,955) in respect of fixed asset timing differences and short term timing differences.

Notes to the Financial Statements For the Period Ended 28 November 2019

16. Related party transactions

Included within creditors, amounts falling due within one year, as at 28 November 2019 are other loan creditors of £6,200,000 (2018: £2,000,000) owed to Hand Picked Hotels Holdings (Guernsey) Limited, the group's parent undertaking. Also within creditors is included an amount of £151,679 (2018: £79,255) which is due to Hand Picked Hotels Limited and its subsidiaries, entities under common control. This arises from management charges and service fees for the period ended 28 November 2019 of £629,748 (2018: £396,764), plus amounts charged by Hand Picked Hotels Limited subsidiaries for other purposes.

17. Subsequent events

Subsequent to the year end, and as discussed in note 1 to these financial statements: Basis of preparation – Going concern, the onset of the COVID-19 pandemic has had a profound impact on the company, group and wider UK economy. In accordance with FRS102, this is considered to be a non-adjusting event after the end of the reporting period that is not indicative of conditions that existed at the end of the reporting period.

The board has considered the existence of COVID-19 impacts on assets and liabilities of the business as reported as at the balance sheet date. In general, whilst hotel values may have been impacted by COVID-19, the location of the hotel and the expected return to normal trading in the medium term lead the directors to conclude that the long term viability of the hotel is preserved. However, as at the time of reporting, it has not been practicable to obtain an unqualified valuation of the asset that may have been subject to a material impairment.

Since the year end the company received a loan of £500k from Hand Picked Hotels Holdings (Guernsey) Limited. This loan is interest free and repayable on demand.
