**4. RELATED PARTY DISCLOSURES**

During the year, the company was controlled by Mr & Mrs Hatton, by virtue of the fact that between them they own 99.94% of the company's issued Ordinary share capital.

The original purchase of the company's freehold property was part financed by an interest free loan of £40,000 from Mrs Fara Notter, who is the sister of the company's director, Mr J R Q Hatton.

£10,000 has been repaid to Mrs Fara Notter, leaving £30,000 outstanding at the year end which is included in "Other Loans".

**5. GOING CONCERN & LIQUIDITY RISK**

Although the company has a deficiency of assets at the Balance Sheet date, the most significant creditor (Note 6) is the directors' current account. Whilst this amount is effectively repayable on demand, the directors are fully aware of the shortfall in the company's net assets, and has given assurances that the loan owing to them personally will not be called upon to the extent that the company does not have sufficient working capital. On that basis, the directors have concluded that there is no material uncertainty which casts any significant doubt upon the company's ability to continue as a going concern. As a result, the going concern basis of accounting has been adopted and is considered appropriate.
