Notes to the Abbreviated Accounts  
for the Year Ended 30 September 2014

1. **ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Preparation of consolidated financial statements**

The financial statements contain information about AHG Group Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken the option under Section 398 of the Companies Act 2006 not to prepare consolidated financial statements.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc                      -    at varying rates on cost

**Investment property**

Investment properties are recorded at valuation. No depreciation is provided on freehold properties as such assets are not held for consumption, but as investments, and the properties are well maintained and externally valued on a regular open market basis.

Any surplus or deficit arising on revaluing investment properties is recognised in the revaluation reserve. Disposals are recognised on completion. Profits and losses arising are recognised through the profit and loss account; the profit on disposal is determined as the difference between the sales proceeds and the carrying amount of the asset at the commencement of the accounting period plus additions in the period.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Investments**

Investments in subsidiary undertakings are stated at cost less any provision for impairment. It is not felt that market value is an appropriate basis for valuation because the group is not listed on any stock exchange.
