NOTES TO THE ABBREVIATED ACCOUNTS
for the Year Ended 28 February 2013

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales of services, excluding value added tax. Accrued income is accounted for when work has been done in the financial year but not yet invoiced. Deferred income is accounted for when sales invoices include periods after the financial year.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Pension costs

The company makes contributions to a defined contribution scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. Contributions paid in the year are charged to the profit and loss account.

Employer financed retirement benefit scheme

In a prior year, the company established an employer financed retirement benefit scheme for the benefit of its officers, employees and their wider families, The DHM Consultancy Limited Employer Financed Retirement Benefit Scheme ('The Scheme').

In accordance with UITF abstract 32 'Employee Benefit Trusts and other intermediate payment arrangements' the company does not include the assets and liabilities of The Scheme on its balance sheet to the extent that it considers that it will not retain any economic benefit from the assets of The Scheme and will not have control of the rights or other access to those present economic benefits.
