Directors' Report

The Directors present their report and the financial statements for the year ended 31 December 2016.

Principal activity

The nature of the Company's operations is as an insurance intermediary.

Dividends

The Directors do not recommend the payment of a dividend.

Directors

The Directors who served during the year were:

S R Vann

S A Long (appointed 14 October 2016)

N Wrighton (resigned 30 September 2016)

Certain Directors benefit from qualifying third party indemnity provisions in place during the financial year and at the date of this report.

Change of auditor

Pursuant to a shareholder resolution, the Company is not obliged to reappoint its auditor annually. KPMG LLP has indicated its willingness to continue in office and therefore the Company has agreed that KPMG LLP will remain in office.

Statement of disclosure of information to auditor

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Going concern

The financial position of the Company as disclosed on the statement of financial position shows net current and total liabilities of £417,000. Having reviewed the Company's budgets and cash flows, the Directors have a reasonable expectation that the Company has adequate resources after taking into account the ongoing support from its immediate parent esure Services Limited to continue in operational existence for the foreseeable future. Accordingly they continue to adopt the going concern basis of accounting in preparing these financial statements.

By order of the Board

A Rivers (appointed 1 December 2016)

Directors' Responsibilities Statement

The Directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of esure broker Limited

We have audited the financial statements of esure broker Limited for the year ended 31 December 2016 set out on pages 5 to 12. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2016 and of its profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Directors' report:

- we have not identified material misstatements in those reports; and
- in our opinion, those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Other reserves relate to capital contributions made by esure Services Limited to esure broker Limited of £3,200,000. During the year ended 31 December 2016, no additional capital contributions were made (2015: £nil). These reserves are realised profits and are therefore available for distribution under the requirements of the Companies Act 2006.

The notes on pages 8 to 12 form part of these financial statements.

esure broker Limited

Notes to the financial statements

For the year ended 31 December 2016

1. General information

esure broker Limited is a company incorporated in England and Wales. Its registered office is The Observatory, Reigate, Surrey, RH2 0SG.

The nature of the Company's operations is as an insurance intermediary.

2. Accounting policies

Basis of preparation

These financial statements present the esure broker Limited Company financial statements for the year ended 31 December 2016, comprising the statement of comprehensive income, statement of financial position, statement of changes in equity and related notes, as well as comparatives for the year ended 31 December 2015.

The financial statements have been prepared in accordance with the provisions of Section 396 of the Companies Act 2006 (the 'Act') and Schedule 1 of the Large and Medium sized Companies and Groups (Accounts and Reports) Regulations 2008 (the 'Regulations'). These financial statements were prepared in accordance with the FRS 101 Reduced Disclosure Framework ("FRS 101").

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ('IFRSs'), but makes amendments where necessary in order to comply with the Act and the Regulations and has set out below where advantage of the FRS 101 disclosure exemptions have been taken.

In these financial statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- A Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital;
- Disclosures in respect of capital management;
- Disclosure in respect of transactions with other wholly owned subsidiaries of esure Group plc;
- The effects of new but not yet effective IFRSs; and
- Disclosures in respect of key management personnel required by IAS 24.

As the consolidated financial statements of esure Group plc include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- The disclosures required by IFRS 7 Financial Instrument Disclosures.

Having reviewed the budgets and cash flow forecasts of the Company for at least 12 months from the date of approval of these financial statements, taking into account the current trading losses and the Company's financial resources, which includes a letter of support from the Company's immediate parent esure Services Limited for a period not less than 12 months from the date of approval of these financial statements, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly they believe it is appropriate to continue to adopt the going concern basis of accounting in preparing the annual financial statements.

The financial statements have been presented in sterling and rounded to the nearest thousand. Throughout these financial statements any amounts which are less than £500 are shown by 0, where as dash (-) represents that no balance exists.

The financial statements have been prepared on the historical cost basis. The principal accounting policies adopted are set out below.

At the date of approval of these financial statements there were no standards, amendments or interpretations in issue and endorsed by the EU which the Company had not adopted.

Turnover

Turnover comprises the brokerage fees and commission, where the Company has a continuing relationship with the customer, and introducer fees where the Company does not have a continuing relationship with the customer.

Revenue relating to insurance broking is brought into account when the policy placement has been completed and confirmed. Where the Company has an obligation to provide future services to the customer an element of income relating to the policy is deferred to cover the cost of fulfilling the associated contractual obligation plus a reasonable profit margin. Deferred revenue is credited to the income statement over the period matching the Company's obligations to provide those services.

Where the Company has no contractual obligation to provide future services, the revenue is recognised immediately.

In certain circumstances, where the revenue cannot be reliably measured at the contract or policy inception date, broking fees and commission are recognised on a periodic basis when the consideration becomes due. Rebates of commissions and fees relating to the return of premiums for additional insurance products and services are recognised at the point the return is due.

Notes to the financial statements For the year ended 31 December 2016

2 . Accounting policies (continued)

Interest income

Interest income comprises bank interest. Interest income on assets classified as loans and receivables is recognised in the income statement as it accrues and is calculated by using the effective interest rate method.

The effective interest rate method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or interest expense over the expected life of the asset or liability. The effective interest rate is the rate that exactly discounts estimated future cash flows to the instrument's initial carrying amount. Calculation of the effective interest rate takes into account fees payable or receivable that are an integral part of the instruments yield, premiums or discounts on acquisition or issue, early redemption fees and transaction costs. All contractual terms of a financial instrument are considered when estimating future cash flows.

Taxation

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those enacted or substantively enacted by the reporting date. Current tax assets and liabilities also include adjustments in respect of tax expected to be payable or recoverable in respect of previous periods.

Current tax relating to items recognised directly in equity or other comprehensive income is also recognised in equity or other comprehensive income and not in the income statement.

Financial assets

Classification

The Company's financial assets as at 31 December 2015 and 31 December 2016 include trade and other debtors, amounts due by Group undertakings and cash at bank.

Initial recognition of financial assets

All financial assets held were classified as loans and receivables on initial recognition.

Subsequent measurement

Loans and receivables are measured at amortised cost less accumulated impairment losses using the effective interest rate method.

Impairment of financial assets

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount.

When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through the income statement.

Derecognition of financial assets

A financial asset is derecognised when the rights to receive cash flows from that asset have expired or when the Company transfers substantially all the risks and rewards of ownership of the financial assets.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, the Company has a currently enforceable legal right to offset the recognised amounts and it intends to settle on a net basis, or to realise the assets and settle the liabilities simultaneously. Income and expenses are not offset in the statement of comprehensive income unless required or permitted by any accounting standard or interpretation.

**Notes to the financial statements
For the year ended 31 December 2016**

2 . Accounting policies (continued)

Financial liabilities

The Company's financial liabilities at 31 December 2015 and 31 December 2016 include trade and other creditors and amounts owed to Group undertakings which are classified as other financial liabilities.

Initial recognition

All financial liabilities are measured initially at fair value less directly attributable transaction costs.

Subsequent measurement

After initial recognition, other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in the statement of comprehensive income when the liabilities are derecognised.

Amortised cost is calculated by taking into account any fees or costs that are an integral part of effective interest rate, transaction costs and all other premiums and discounts. The amortisation is included in finance costs in the statement of comprehensive income.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification, is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of comprehensive income.

Share Capital

Shares are classified as equity when there is no contractual obligation to transfer cash or other assets to holders of the financial instruments.

Capital Contributions

Capital contributions are credited directly to equity (other reserves).

3 . Critical accounting judgements and estimates

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates; however the financial statements presented are based on conditions that existed at the balance sheet date.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

4 . Turnover

The whole of turnover is attributable to commissions received and receivable from within the United Kingdom.

5 . Profit / (loss) after tax

Profit / (loss) after tax is stated after charging:

	2016	2015
	£000	£000
Auditor's remuneration	<u>24</u>	<u>23</u>

The auditor's remuneration for the Company for the year ended 31 December 2016 amounted to £24,000 (2015: £23,000). Details of auditor's remuneration for the esure group of companies are disclosed in the consolidated financial statements of esure Group plc.

esure broker Limited

Notes to the financial statements For the year ended 31 December 2016

6 . Staff cost

The Company employed no staff during the current period (2015: Nil), all duties being carried out by esure Services Limited. Management fees for those services are included within expenses.

7 . Directors' remuneration

	2016 £000	2015 £000
Emoluments in respect of qualifying services	1,254	1,084
Vested share awards	335	-
Contributions to defined contribution pension schemes	92	108
Total Directors' remuneration	<u>1,681</u>	<u>1,192</u>

All of the Directors of esure Group plc and its subsidiary undertakings receive remuneration from esure Services Limited as employees of that company. The Directors of esure broker Limited received total remuneration of £1,681,000 during the year ended 31 December 2016 (2015: £1,192,000). It is not appropriate to allocate this remuneration between their services as Directors of esure broker Limited and the other services provided to esure Group plc and its subsidiary undertakings.

During the year, retirement benefits were accruing to 2 Directors of esure broker Limited (2015: 2) in respect of defined contribution pension schemes.

Remuneration of the highest paid Director

	2016 £000	2015 £000
Emoluments in respect of qualifying services	1,062	743
Vested share awards	250	-
Contributions to defined contribution pension schemes	79	81
	<u>1,391</u>	<u>824</u>

8 . Taxation

	2016 £000	2015 £000
UK corporation tax charge / (credit) on the profit / (loss) for the year	21	(95)
Total current tax	<u>21</u>	<u>(95)</u>

The tax rate used for the calculations is the Corporation Tax rate of 20.00% (2015: 20.25%) payable by the corporate entities in the UK on taxable profits under tax law in that jurisdiction.

Factors affecting the tax charge for future periods

A reduction in the standard rate of Corporation Tax from 21% to 20% was effective from 1 April 2015. There will be further reductions in the rate of Corporation Tax to 19% from 1 April 2017 and 17% from 1 April 2020. These changes were substantively enacted at the year end date.

9 . Debtors: Amounts falling due within one year

	2016 £000	2015 £000
Trade debtors	87	85
Amounts owed by Group undertakings	-	1,028
Corporation tax	-	57
Other debtors	718	882
	<u>805</u>	<u>2,052</u>

esure broker Limited

Notes to the financial statements For the year ended 31 December 2016

10 . Creditors: Amounts falling due within one year

	2016 £000	2015 £000
Accruals and deferred income	50	50
Amounts owed to Group undertakings	6,104	4,316
Corporation tax	10	-
Social security and other taxes	2	1
Trade creditors	770	1,014
	<u>6,936</u>	<u>5,381</u>

11 . Share capital

	2016 £000	2015 £000
Authorised, allotted, called up and fully paid		
4,250,000 Ordinary shares of £1 each	<u>4,250</u>	<u>4,250</u>

12 . Ultimate parent undertaking

The Company is a wholly owned subsidiary undertaking of esure Services Limited. The Company's ultimate parent and the largest and smallest group into which these accounts are consolidated is esure Group plc. The registered office of esure Group plc is The Observatory, Reigate, Surrey RH2 0SG.
