Strategic report

The Directors present their Strategic report for the financial year ended 31 March 2017.

Results and dividends

The profit for the financial year amounted to £6,655,465 (year ended 31 March 2016 profit – £1,278,269).

The Directors do not recommend a final dividend (year ended 31 March 2016 – £nil).

Principal activities and review of the business

The Company is an investment holding and financing company. Investments are principally held in respect of wholly-owned shipping and general shipping agency companies in the UK. Details of the investments held by the Company are set out in Note 10 to the financial statements.

Business reviews in respect of the Company's principal UK investments for the year ended 31st March 2017 are included in the individual financial statements of the companies listed in Note 10 to the financial statements with the exemption of those which meet the definition of "small" company under the Companies Act 2006.

The Company's key financial performance indicators during the year were as follows:

	<i>Year ended 31 March 2017 £000</i>	<i>Year ended 31 March 2016 £000</i>	<i>Change %</i>
Profit for the financial year	6,655	1,278	421%
Total Shareholders' funds	62,730	56,074	12%
Cash at bank and in hand	357	3,744	(90%)

The profit for the financial year is attributed to dividends received from its subsidiaries, associates and unlisted investments during the year of £3,123,881 (2016: £1,063,217), gain on sale of subsidiary (£3,364,424) and unlisted investment (£71,840). The cash balance decreased by 90% which is attributed to an additional short-term loan to "K" Line TRS S.A.

Financial risks and uncertainties

Principal risks

The principal risks and uncertainties facing the Company include the cyclical nature of the shipping industry in which its investments operate, in the UK and globally. The carrying value of the investments is reviewed by the Directors annually against the investments' underlying business performance and net assets.

As the Company is a non-trading holding and financing company, key financial indicators are limited, but include exchange risk management and the cost of financing.

The Company's trading and financial transactions are principally GBP sterling denominated. Consequently, the financial statements are prepared in GBP sterling.

Legislative risks

In the UK and Europe, the main legislative risks are EU competition law, employment law, UK Bribery Act and tax laws. These standards are subject to continuous revision; however, they are not expected to have a material impact on the ability of the Company to generate a profit.

The implication of Brexit is unclear at the moment and will be continually monitored.

Strategic report (continued)

Financial risks and uncertainties (continued)

Treasury operations and financial instruments

The Company operates a treasury function which is responsible for managing the liquidity, credit and market/price risks associated with the company's activities.

The Company has established a risk and financial management framework whose primary objectives are to mitigate the exposure of the Company to risks that hinder the achievement of the Company's performance objectives with support from its immediate and ultimate parent company Kawasaki Kisen Kaisha Limited and its group companies. The objectives aim to limit undue counterparty exposure, ensure sufficient working capital exists and monitor the management of risk.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages its cash flow in order to maximise interest income and minimise interest expense, whilst ensuring the Company has sufficient liquid resources to meet the operating needs of the business.

Foreign currency risk

To the extent that intercompany loan agreements are entered into in currencies different to that of the functional currency, there is an exposure to movements in exchange rates. The Company principally has Euro denominated intercompany loan assets as at the reporting date.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for that other party by failing to discharge an obligation. Company policies are aimed at minimising such losses, and require that deferred terms are only granted to customers who demonstrate an appropriate payment history and satisfy credit worthiness procedures.

All customers who wish to trade on credit terms are subject to credit verification procedures. Trade debtors are reviewed on a regular basis and provision is made for doubtful debts where necessary. The Company does not suffer from significant bad debt expense.

Date: 17 May 2017

Directors' report

The Directors present their Directors' report and audited financial statements of "K" Line Holding (Europe) Limited (the "Company") for the financial year ended 31 March 2017.

Directors

The Directors who served the Company during the year and as at the date of this report are as follows:

D Arai
Y Nakagawa
K Kubo (Resigned: 13/02/2017)
H Shinkai (Appointed: 14/02/2017)

Dividends and financial risk management

Dividend and financial risk management disclosures are included on Strategic Report on page 3.

Future developments

The Company's overall business is expected to continue in the same direction over the coming year and to the same extent as for the year ended 31 March 2017.

Going concern

The business activities, together with the factors likely to affect its future development, its financial position, financial risk management objectives and its exposures to price, credit, liquidity and cash flow risk are described in the business review above.

The Directors believe that the Company has adequate resources to continue in operational existence for the foreseeable future. The Directors continue to adopt the going concern basis in preparing the financial statements.

Directors' indemnities

As permitted by the Articles of Association, the Directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force. The Company also purchased and maintained throughout the financial year Directors' and Officers' liability insurance in respect of itself and its Directors.

Disclosure of information to the auditors

So far as each person who was a Director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditors in connection with preparing their report, of which the auditors are unaware. Having made enquiries of fellow Directors and the Company's auditors, each Director has taken all the steps that they are obliged to take as a Director in order to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

On behalf of the Board

Statement of Directors' responsibilities

The directors are responsible for preparing the Report and financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report to the members of "K" Line Holding (Europe) Limited

Report on the financial statements

Our opinion

In our opinion, "K" Line Holding (Europe) Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 March 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements, included within the Report and Financial Statements (the "Annual Report"), comprise:

- the Balance sheet as at 31 March 2017;
- the Statement of income and retained earnings for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' report have been prepared in accordance with applicable legal requirements.

In addition, in light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we are required to report if we have identified any material misstatements in the Strategic Report and the Directors' report. We have nothing to report in this respect.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Independent auditors' report to the members of "K" Line Holding (Europe) Limited

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report. With respect to the Strategic Report and Directors' report, we consider whether those reports include the disclosures required by applicable legal requirements.

Notes to the financial statements

for the year ended 31 March 2017

1. Accounting policies

General Information

The Company is limited by shares and is incorporated in England. The address of its registered office is 6th Floor, 200 Aldersgate Street, London, EC1A 4HD.

The principal activity of the Company continues to be investing in and financing wholly and partly owned shipping and general shipping agency companies in the UK.

Statement of compliance

The financial statements of "K" Line Holding (Europe) Limited have been prepared in compliance with the United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland ('FRS 102') and the Companies Act 2006.

The company is a wholly-owned subsidiary of Kawasaki Kisen Kaisha Limited and is included in the consolidated financial statements of Kawasaki Kisen Kaisha Limited which are publicly available. Consequently, the company has taken advantage of the exemption from preparing consolidated financial statements under the terms of section 401 of the Companies Act 2006.

Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards, and under the historical cost convention.

Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of and no objection to, the use of exemptions by the Company's shareholders.

The Company has taken advantage of the following exemptions:

- i) from preparing a statement of cash flows, on the basis that it is a qualifying entity and the consolidated statement of cash flows prepared by ultimate parent company, includes the Company's cash flows;
- ii) from providing the financial instruments disclosures set out in sections 11 and 12 of FRS 102;
- iii) from the requirement to present a reconciliation of the number of shares outstanding at the beginning and end of the period as required by paragraph 4.12(a)(iv);
- iv) from disclosing the Company key management personnel compensation in total, as required by FRS 102 paragraph 33.7.

Going concern

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus the Directors continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Notes to the financial statements (continued)

for the year ended 31 March 2017

1. Accounting policies (continued)

Investments

Investments in subsidiaries, joint venture, associates and trade investments are stated at cost less provision for impairment. Impairment reviews are carried out if there is an indication of a reduction in value. Dividends from investments are recognised when received or approved for payment by the investee.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the profit and loss account.

Taxation

i) Current tax

Current tax is provided using the tax rates and laws that have been enacted or substantially enacted at the balance sheet date on the excess of taxable income and allowable expenses.

ii) Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exception:

Deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

i) Functional and presentation currency:

The Company's functional and presentation currency is GBP.

ii) Transactions and balances

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction.

Gains and losses on exchange are dealt with in the statement of income and retained earnings.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held on call with banks and bank overdrafts. Bank overdrafts, when applicable, are shown within creditors in current liabilities.

Loans receivable

Loans and receivables are non-derivative financial instruments which have a fixed or easily determinable value. They are recognised at cost, less any provisions for impairment in their value.

Notes to the financial statements (continued)

for the year ended 31 March 2017

1. Accounting policies (continued)

Interest bearing loans and borrowings

All interest bearing loans and borrowings are initially recognised at net proceeds. After initial recognition the debt is increased by the finance cost in respect of the reporting period and reduced by repayments made in the period. Finance costs of debt are allocated over the term of the debt at a constant rate on the carrying amount.

2. Operating loss

This is stated after charging:
